

# MEC POWDER/SHOT BOTTLES - MAGNUM CONTAINER W/ CAP & PLUG

[Reloading](#) > [Powder Handling](#) > [Measure Stands & Accessories](#)

Extra powder/shot bottles offer easy change out to reload different sizes of shot, or if you're switching to a different powder during a reloading session. Great for storing powder or shot between sessions. Each clear, polyethylene bottle has a screw capped end for storage, and a plug cap that lets you refill th bottle with powder or shot without removing it from your machine. Available in the Magnum, 40 ox. capacity size for those high volume reloading sessions, or the Small, 20 oz. capacity size. Bottles fit every reloader in the MEC line.

# Safety Instruction Guide for MEC POWDER/SHOT BOTTLES MAGNUM CONTAINER W/ CAP & PLUG

## Introduction

Thank you for choosing the MEC Powder/Shot Bottles Magnum Container with Cap & Plug. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide carefully before using the product to understand the potential hazards and how to avoid them.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Ensure that the bottles are used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bottles for any signs of damage or wear.
- Do not use the bottles for any purpose other than storing powder or shot.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Handling:**
  - Always handle the bottles with clean hands to avoid contamination.
  - Do not overfill the bottles to prevent spills and leaks.
- **Storage:**
  - Store the bottles in a cool, dry place away from direct sunlight and heat sources.
  - Ensure that the caps and plugs are securely fastened when not in use.
- **Refilling:**
  - When refilling, ensure the machine is turned off to prevent accidental discharge.
  - Use the plug cap to refill without removing the bottle from the machine.
- **Cleaning:**
  - Clean the bottles regularly with a damp cloth to avoid residue buildup.
  - Do not use abrasive cleaners or solvents that may damage the polyethylene material.

## Instructions for Installation and Usage

### 1. Installation:

- Place the bottle securely in your reloading machine.
- Ensure that the bottle is properly aligned to avoid spills during operation.

### 2. Usage:

- To refill the bottle, remove the plug cap carefully.
- Pour the desired powder or shot into the bottle through the opening.
- Replace the plug cap securely after refilling.
- Use the screw capped end for longterm storage of unused powder or shot.

### 3. Disposal:

- Dispose of any empty or damaged bottles in accordance with local regulations.
- Do not dispose of the bottles in regular household waste if they contain residues of powder or shot.

## **Contact Information for Further Support**

For any further assistance or inquiries regarding the MEC Powder/Shot Bottles, please refer to the manufacturer's official website or customer service for support. Always ensure to keep this safety instruction guide for future reference.

Thank you for prioritizing safety while using the MEC Powder/Shot Bottles.
