

MEC POWDER/SHOT BOTTLES - MEC RELOADING BOTTLE AND CAP ASSEMBLY 6"

[Reloading](#) > [Powder Handling](#) > [Measure Stands & Accessories](#)

Extra powder/shot bottles offer easy change out to reload different sizes of shot, or if you're switching to a different powder during a reloading session. Great for storing powder or shot between sessions. Each clear, polyethylene bottle has a screw capped end for storage, and a plug cap that lets you refill th bottle with powder or shot without removing it from your machine. Available in the Magnum, 40 ox. capacity size for those high volume reloading sessions, or the Small, 20 oz. capacity size. Bottles fit every reloader in the MEC line.

MEC Powder/Shot Bottles Safety Instruction Guide

Introduction

Thank you for choosing the MEC Powder/Shot Bottles. These bottles are designed for easy storage and quick changeouts during your reloading sessions. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always ensure that the bottles are clean and dry before use.
- Store bottles in a cool, dry place away from direct sunlight.
- Keep bottles out of reach of children and pets.
- Regularly inspect bottles for any signs of damage or wear.
- Do not use bottles for any purpose other than their intended use.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The bottles are intended for storing powder and shot. Improper use may lead to spills or contamination.
- Avoid exposure to extreme temperatures, which may compromise the integrity of the bottle.

- **Instructions for Avoiding Hazards:**

- Always use the screw cap to securely close the bottle after each use.
- When refilling, do so slowly to prevent spills.
- Do not overfill the bottle; leave some space at the top to allow for expansion.
- Use caution when handling powders and shots, as they may be flammable or reactive.

- **Age Specific Warnings:**

- These products are not intended for use by children. Always supervise when used around minors.

Instructions for Installation and Usage

- **Installation:**

- Ensure your reloading machine is turned off before installing the bottle.
- Remove the existing bottle if applicable, and securely attach the new MEC Powder/Shot Bottle by following the manufacturer's instructions for your specific reloader model.

- **Usage:**

- To fill the bottle, remove the plug cap and carefully pour in the powder or shot.
- Replace the plug cap after filling to prevent spills.
- When switching between different powders or shot sizes, ensure the bottle is thoroughly cleaned and dried before refilling.

Disposal Instructions

- Dispose of empty bottles in accordance with local regulations.
- Do not incinerate or expose bottles to extreme heat.
- If the bottles are damaged or contaminated, follow your local hazardous waste disposal guidelines.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MEC Powder/Shot Bottles, please contact your local MEC representative or visit the official MEC website for additional resources and support.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy your reloading experience with MEC!
