

# BODY DIES - 6.5 CREEDMOOR BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

## Attributes

- Name: [6.5 CREEDMOOR BODY DIE](#)

# BODY DIES 6.5 CREEDMOOR BODY DIE Safety Instruction Guide

## Introduction

Thank you for purchasing the BODY DIES 6.5 CREEDMOOR BODY DIE. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before use and keep it for future reference.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in this guide.
- Always wear appropriate safety gear, including eye protection, when handling reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you encounter any issues or have questions regarding safety, seek assistance from a qualified professional.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use of the body die may lead to dangerous malfunctions in ammunition.
- Always check that the die is properly adjusted before resizing cases.
- Ensure that the die is compatible with the 6.5 Creedmoor cartridge.

- **Avoiding Hazards:**

- Do not exceed the recommended resizing limits as specified by the manufacturer.
- Avoid using the body die on cases that show signs of excessive wear or damage.
- Always follow the manufacturer's guidelines for proper operation.

- **AudienceSpecific Warnings:**

- This product is intended for use by individuals who are knowledgeable about reloading and ammunition safety.
- It is not suitable for use by children or individuals without proper training.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that your reloading press is securely mounted and stable.
2. Carefully screw the BODY DIES 6.5 CREEDMOOR BODY DIE into the reloading press.
3. Adjust the die to the desired position according to the manufacturer's specifications.

- **Usage:**

1. Insert the fired case into the shell holder of the reloading press.
2. Raise the ram to bring the case into contact with the die.
3. Apply steady pressure to resize the case body and bump the shoulder.
4. After resizing, remove the case and check for proper dimensions before proceeding to neck sizing.
5. Always run the resized case through a neck die for proper neck tension.

## **Disposal Instructions**

- Dispose of any spent cases and materials in accordance with local regulations.
- Do not dispose of the body die in regular household waste.
- Consult local waste management authorities for proper disposal methods for reloading materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the BODY DIES 6.5 CREEDMOOR BODY DIE, please consult a qualified professional or refer to the manufacturer's website for additional resources.

By following these safety instructions, you can ensure a safe and effective reloading experience with the BODY DIES 6.5 CREEDMOOR BODY DIE. Thank you for prioritizing safety while enjoying your hobby.
