

COMPETITION SEATER DIES - REDDING 17 REMINGTON FIREBALL BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Dies

Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure safe and effective operation of the product. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Always operate the die in a wellventilated area.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the die.
- Keep the die out of reach of children and unauthorized users.
- Regularly inspect the die for wear and damage before each use.
- Follow all manufacturer instructions and guidelines for safe operation.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the die is properly secured to your reloading press before use.
- Do not exceed the recommended bullet seating depth to avoid potential hazards.
- Avoid using the die with incompatible cartridges or components.
- Ensure that all tools and equipment used in conjunction with the die are in good working condition.
- Do not use the die for any purpose other than its intended use.
- If you experience any issues during operation, stop using the die immediately and seek assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and free of debris.
- Securely attach the Redding Competition Bullet Seater to the press using the appropriate threads (7/814).
- Adjust the micrometer to the desired seating depth before inserting a bullet.

2. Usage:

- Place a cartridge case in the reloading press.
- Insert the bullet into the case mouth, ensuring it is properly aligned.
- Slowly operate the press to seat the bullet to the desired depth.
- After seating, check the bullet depth with a caliper for accuracy.
- Repeat the process for additional cartridges as needed.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die or any parts in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods for reloading equipment.

Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bullet Seater, please refer to the manufacturer's website or contact their customer service for assistance. Ensure to have your product details ready for a quicker response.

Please remember that safety is paramount when using reloading equipment. Always follow these guidelines to promote a safe and enjoyable reloading experience.
