

# COMPETITION SEATER DIES - 6.5MM GRENDEL BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# COMPETITION SEATER DIES 6.5MM GRENDLE BULLET SEATING DIE Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Competition Bullet Seater. This guide provides important safety information and instructions for the safe use of the product. Please read this guide carefully before using the product to ensure safe operation and compliance with EU safety regulations.

## General Safety Guidelines

- Always handle the bullet seating die with care to prevent injury.
- Ensure that you are using the die in accordance with the manufacturer's instructions.
- Keep the die out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage. Do not use a damaged die.
- Store the die in a dry and safe location when not in use.
- Be aware of your surroundings while using the die to prevent accidents.

## Specific Safety Precautions for Use

- Use the die only for its intended purpose: seating 6.5mm Grendel bullets.
- Always wear appropriate safety gear, such as safety glasses and gloves, while using the die.
- Ensure that the work area is clean and free of clutter to reduce the risk of accidents.
- Do not exceed the recommended seating depth adjustments as specified in the product instructions.
- Never modify the die or use it in a way that is not recommended by the manufacturer.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the reloading press is securely mounted and stable.
- Insert the bullet seating die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during use.

### 2. Usage

- Adjust the micrometer on the die to your desired seating depth. This die is calibrated in .001" increments for precise adjustments.
- Place a bullet into the seating chamber and ensure it is positioned correctly.
- Operate the reloading press to seat the bullet. Monitor the operation to ensure smooth functionality.
- After use, clean the die to remove any residue or debris.

## Disposal Instructions

- Dispose of the bullet seating die in accordance with local regulations.
- If the die is damaged beyond repair, consider recycling materials where applicable.
- Do not dispose of the die in regular household waste if it contains hazardous materials.

## Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact information included

with your purchase. Ensure to have the product details ready for a more efficient response.

## Conclusion

By following the guidelines and instructions outlined in this safety instruction guide, you can ensure the safe and effective use of the Redding Competition Bullet Seater. Always prioritize safety and compliance with applicable regulations when using this product. Thank you for your attention to these important safety measures.
