

COMPETITION BUSHING NECK DIES - COMPETITION BUSHING NECK DIE 6.5MM CREEDMOOR

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [COMPETITION BUSHING NECK DIE 6.5MM CREEDMOOR](#)
- Manufacturer: [REDDING](#)
- Product no.: 749010774
- Mfr. No.: 56446

Safety Instruction Guide for Competition Bushing Neck Dies 6.5mm Creedmoor

Introduction

Thank you for choosing the Competition Bushing Neck Die 6.5mm Creedmoor. This product is designed for precision reloading and is intended for use by experienced competition shooters. Please read this safety instruction guide carefully to ensure safe and effective use of the die.

General Safety Guidelines

- **Product Safety:** Ensure safe use of this die by following all instructions. This product is not a toy and should be used by individuals familiar with reloading processes.
- **Enhanced Recalls:** Stay informed about product recalls. If a recall is issued, follow the instructions provided to return or remedy the situation.
- **Online Shopping:** If purchased online, ensure the retailer complies with safety requirements and offers the same protections as physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information provided at the point of sale.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for any updates regarding unsafe products.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when using this die to protect against metal fragments and debris.
- **Work Area:** Use the die in a clean, dry, and welllit area to avoid accidents.
- **Tool Condition:** Inspect the die and all associated tools for damage before use. Do not use damaged equipment.
- **Proper Handling:** Handle all components carefully to avoid injury. Use appropriate tools for assembly and disassembly.
- **Avoid Distractions:** Ensure you are focused and free from distractions while using the die to maintain safety and accuracy.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have all necessary components, including the die, bushing, shellholder, and cartridge cases.
- Read the manufacturer's instructions for any additional setup requirements.

2. Installation:

- Secure the die in your reloading press according to the manufacturer's guidelines.
- Install the appropriate sizing bushing for the 6.5mm Creedmoor cartridge.

3. Using the Die:

- Insert the cartridge case into the shellholder and ensure it is properly seated.
- Slowly raise the ram to engage the cartridge case with the sizing bushing.
- Allow the resizing bushing to selfcenter on the case neck as you continue to raise the ram.
- After resizing, lower the ram and remove the cartridge case.

4. PostUse:

- Clean the die after each use to prevent buildup of residue.
- Store the die in a dry place to avoid rust or corrosion.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the die or its components in regular household waste. Check for local recycling programs that accept metal tools.

Contact Information for Further Support

For any questions or concerns regarding the Competition Bushing Neck Die 6.5mm Creedmoor, please refer to the manufacturer's contact information provided at the point of sale. Ensure you have the product details ready for efficient assistance.

Thank you for following these safety guidelines. Proper usage and care of your Competition Bushing Neck Die will ensure a safe and effective reloading experience.
