

9000GN AUTO-INDEXING SHOTSHELL RELOADER - MEC RELOADING

MEC 9000GN SERIES SHOT SHELL PRESS, 28 GAUGE

[Reloading](#) > [Reloading Presses](#) > [Shotshell Presses](#)

The 9000GN has all the innovative features found on the 8567N Grabber, plus automatic indexing and finished-shell ejection for quicker and easier reloading. Dropping the primer into the reprime station no longer requires operator "feel". The 9000GN requires only a minimal adjustment from low to high brass domestic shells and shells can be removed for inspection from any station. MEC's revolutionary Auto-Dex automatically moves the shells through each reloading stage by simply returning the handle to the top of its stroke. Accurately resized shells are achieved with each stroke.

9000GN AUTOINDEXING SHOTSHELL RELOADER

Safety Instruction Guide

Introduction

Thank you for choosing the 9000GN AUTOINDEXING SHOTSHELL RELOADER by MEC RELOADING. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloader. Please read this manual carefully before using the product.

General Safety Guidelines

- Ensure that the reloader is used only for its intended purpose.
- Keep the reloader out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including eye protection, when operating the reloader.
- Regularly inspect the reloader for any signs of wear or damage before use.
- Do not operate the reloader if you are under the influence of drugs or alcohol.
- Follow all local laws and regulations regarding the reloading of ammunition.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The reloader involves moving parts that can cause injury.
 - There is a risk of accidental discharge if not handled properly.
- **Avoiding Hazards:**
 - Keep hands and other body parts clear of moving parts during operation.
 - Ensure that the work area is clean and free of obstructions.
 - Do not overload the reloader beyond its specified capacity.
 - Use only the recommended materials and components for reloading.
- **Age and Audience Warnings:**
 - This product is intended for adult use only.
 - Individuals under the age of 18 should not operate the reloader without adult supervision.

Instructions for Installation and Usage

1. **Installation:**
 - Place the reloader on a stable, flat surface.
 - Ensure that the area is wellventilated and free from flammable materials.
 - Secure the reloader to the surface if necessary to prevent movement during operation.
2. **Setup:**
 - Adjust the reloader for the specific gauge and type of shells you are using.
 - Refer to the product manual for detailed setup instructions.
3. **Using the Reloader:**
 - Always check that the reloader is empty before starting.

- Insert the primer into the reprime station securely.
- Follow the AutoDex instructions for automatic indexing during operation.
- Monitor the reloading process closely and stop immediately if any issues arise.
- Remove shells for inspection from any station as needed.

4. PostUse:

- After reloading, clean the reloader to remove any residue.
- Store the reloader in a safe, dry place away from children and pets.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition or reloading materials in regular waste.
- Contact local authorities for information on the safe disposal of hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the safe use or maintenance of your 9000GN AUTOINDEXING SHOTSHELL RELOADER, please refer to the official MEC RELOADING website or your local dealer for assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we wish you a successful and enjoyable reloading experience with the MEC 9000GN series.
