

9000HN HYDRAULIC SHOTSHELL RELOADER - MEC RELOADING MEC 9000HN SERIES SHOTSHELL PRESS 28 GAUGE

[Reloading](#) > [Reloading Presses](#) > [Shotshell Presses](#)

The MEC 9000HN comes complete with the hydraulic pump and hose. Hydraulics allow the operator to insert empty shells and wads and the reloader does the rest. With each complete downstroke of the foot pedal, all reloading operations are performed at all six stations. The 9000HN has all the innovative features found on the 9000GN, plus automatic indexing and finished-shell ejection for quicker and easier reloading.

Attributes

- Name: [MEC RELOADING MEC 9000HN SERIES SHOTSHELL PRESS 28 GAUGE](#)
- Manufacturer: [MEC RELOADING](#)

MEC 9000HN Hydraulic Shotshell Reloader Safety Instruction Guide

Introduction

Thank you for choosing the MEC 9000HN Hydraulic Shotshell Reloader. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloader. Please read this manual thoroughly before operating the product.

General Safety Guidelines

- **Product Safety:** Ensure the safe use of the MEC 9000HN by following all instructions and warnings provided in this manual.
- **Enhanced Recalls:** Stay informed about any product recalls by checking the EU Safety Gate platform regularly.
- **Online Shopping:** If purchased online, ensure that the retailer meets safety requirements.
- **Special Consumer Focus:** Keep the reloader out of reach of children and vulnerable individuals to prevent accidents.
- **EU Contact Point:** For any safety inquiries, refer to the EU contact point provided by the manufacturer.
- **Rapid Alerts:** Be aware of updates on unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Read the Manual:** Always read and understand the user manual before using the reloader.
- **Personal Protective Equipment:** Wear safety glasses and appropriate clothing to protect against debris and potential injuries.
- **Work Area:** Ensure your work area is clean, welllit, and free of clutter to prevent accidents.
- **Check Equipment:** Inspect the reloader and hydraulic components for any damage or wear before use.
- **Hydraulic Safety:** Handle hydraulic components with care. Avoid pinching or trapping fingers during operation.
- **Foot Pedal Operation:** Use the foot pedal only when your hands are clear of the reloading stations.
- **Emergency Procedures:** Familiarize yourself with emergency shutoff procedures in case of malfunction or accident.
- **Proper Training:** Ensure that anyone using the reloader has received proper training and understands how to operate it safely.

Instructions for Installation and Usage

Installation

1. **Location:** Place the reloader on a stable, flat surface to ensure proper operation.
2. **Hydraulic Setup:** Connect the hydraulic pump and hose according to the manufacturer's instructions.
3. **Electrical Safety:** Ensure that all electrical connections are secure and comply with local electrical safety standards.
4. **Testing:** Before loading shells, perform a test run to ensure that the hydraulic system is functioning correctly.

Usage

1. **Loading Shells:**
 - Ensure the reloader is turned off before loading empty shells and wads.
 - Insert empty shells and wads into the appropriate stations.

2. **Operating the Reloader:**

- Press the foot pedal to initiate the reloading process.
- Observe all reloading operations at each station.
- Do not attempt to intervene during the reloading cycle.

3. **Finishing the Reloading Process:**

- Once the reloading process is complete, carefully remove the finished shells.
- Inspect finished shells for any defects before use.

Disposal Instructions

- **Environmental Responsibility:** Dispose of any unused or damaged components in accordance with local regulations.
- **Recycling:** Recycle materials whenever possible to minimize environmental impact.
- **Hazardous Materials:** Follow specific disposal instructions for hydraulic fluids and any other hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the MEC 9000HN Hydraulic Shotgun Reloader, please refer to the manufacturer's support resources. It is essential to have access to assistance for safe operation and maintenance of your reloader.

By following these safety guidelines and instructions, you can ensure a safe and efficient reloading experience with your MEC 9000HN Hydraulic Shotgun Reloader. Always prioritize safety and seek assistance when needed. Thank you for your attention to these important safety measures.
