

# STRAIGHT WALL EXPANDER DIES - REDDING 45-70 U.S. GOVT EXPANDER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

These Redding Straight Wall Expander Dies contain a neck expander plug for use before the bullet seating process. Expander Dies flare the case mouth slightly to ease the bullet seating process. Dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime.

# Safety Instruction Guide for STRAIGHT WALL EXPANDER DIES REDDING 4570 U.S. GOVT EXPANDER DIE

## Introduction

Thank you for choosing the Redding Straight Wall Expander Dies for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the following information carefully before using the expander dies.

## General Safety Guidelines

- Ensure that all reloading equipment is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, including safety glasses, to protect your eyes from potential debris.
- Keep your workspace clean and organized to prevent accidents.
- Store reloading supplies and tools out of reach of children and pets.
- Be aware of your surroundings and ensure that other individuals are at a safe distance while operating reloading equipment.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Awareness:** The expander dies can create metal shavings and debris. Always handle with care.
- **Proper Handling:** Avoid direct contact with the sharp edges of the dies. Use appropriate tools for installation and removal.
- **Avoid OverTightening:** When installing the dies, do not overtighten, as this may cause damage to the equipment or injury.
- **Check for Damage:** Inspect the dies before each use for any signs of wear or damage. Do not use damaged dies.
- **Use in WellVentilated Area:** Ensure that you are working in a wellventilated area to avoid inhaling any dust or particles generated during the reloading process.

## Instructions for Installation and Usage

### 1. Installation of Expander Die:

- Ensure that your reloading press is securely mounted and stable.
- Insert the expander die into the die holder of your reloading press.
- Tighten the die securely, but do not overtighten.
- Adjust the die to the desired depth according to your specific reloading requirements.

### 2. Using the Expander Die:

- Prepare your cases by cleaning and inspecting them.
- Insert the case into the reloading press.
- Operate the press to expand the case mouth slightly, making it easier for bullet seating.
- Once the case has been expanded, remove it carefully from the press.

### 3. PostUse Care:

- After use, clean the expander die to remove any residue or debris.
- Store the dies in a safe, dry place when not in use.

## **Disposal Instructions**

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Recycle materials whenever possible. Check with your local recycling center for guidelines on metal recycling.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Redding Straight Wall Expander Dies, please contact the manufacturer or your local distributor. Ensure that you have the product details available for reference.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Redding Straight Wall Expander Dies. Thank you for your attention to safety and for choosing our product.
