

# NATIONAL MATCH DIE SETS - 308 WIN NATIONAL MATCH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding National Match Die Set is for the serious match and military shooter. Each set includes a Full Length Sizing Die (non-bushing type), Taper Crimp Die, and Competition Bullet Seater. "Across the Course" and "Long Range" shooters have bought these dies individually for years at the NRA National Matches. Shooters that prefer the results of a separate taper crimp operation now have their needs packaged in a convenient die set.

# Safety Instruction Guide for Redding National Match Die Set

## Introduction

Thank you for choosing the Redding National Match Die Set. This product is designed for serious match and military shooters. It is essential to use these dies safely and correctly to ensure optimal performance and safety during your reloading activities. This guide provides important safety instructions and general guidelines to help you use the die set effectively and responsibly.

## General Safety Guidelines

- Always handle ammunition and reloading equipment with care to prevent accidents.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- Ensure that you are in a safe environment when using this product, free from distractions and hazards.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about potential hazards.

## Specific Safety Precautions for Use

- **Cartridge Compatibility:** Ensure that the die set is compatible with .308 Winchester cartridges before use.
- **Protective Gear:** Always wear appropriate safety gear, including eye protection and gloves, when reloading ammunition.
- **Work Area:** Use the die set in a wellventilated area to avoid inhaling any dust or particles generated during the reloading process.
- **Avoid Overloading:** Do not exceed the recommended load specifications for the cartridges you are reloading.
- **Taper Crimp Operation:** Follow the instructions carefully when using the taper crimp die to avoid damaging the cartridges.
- **Bullet Seating:** Ensure that bullets are seated correctly to prevent misfires or other malfunctions.

## Instructions for Installation and Usage

### 1. Setup:

- Securely mount the die set in a reloading press according to the manufacturer's instructions.
- Ensure that the Full Length Sizing Die is properly adjusted for the specific cartridge.

### 2. Full Length Sizing:

- Insert the cartridge case into the sizing die and operate the press to resize the case.
- Remove the resized case and inspect it for any defects.

### 3. Taper Crimping:

- Place the bullet into the mouth of the cartridge case.
- Adjust the taper crimp die to apply the correct amount of crimp to the cartridge.
- Operate the press to complete the crimping process.

### 4. Bullet Seating:

- Use the Competition Bullet Seater to seat the bullet to the desired depth.
- Check the overall length of the loaded cartridge for consistency.

#### **5. Final Inspection:**

- Inspect all loaded cartridges for any irregularities before storage or use.
- Store the die set and loaded ammunition in a safe and secure location.

## **Disposal Instructions**

- Dispose of any unused or damaged components of the die set in accordance with local regulations.
- Do not dispose of ammunition or reloaded cartridges in regular household waste. Follow local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding National Match Die Set, please consult the manufacturer or your local retailer for assistance.

By adhering to these guidelines, you can ensure a safe and effective reloading experience. Thank you for your attention to safety and for choosing Redding products.
