Safety Instruction Guide for Redding Competition Bushing Neck Die Set 370 Sako Mag

Introduction

Thank you for purchasing the Redding Competition Bushing Neck Die Set for 370 Sako Mag. This product is designed to provide you with the highest level of precision and performance in your reloading tasks. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Keep the dies and tools out of reach of children and unauthorized users.
- Inspect the dies before use for any signs of damage or wear.
- Use the dies only for their intended purpose as described in the product manual.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Store the dies in a dry and secure location when not in use.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), including safety glasses and gloves, while reloading.
- Ensure that your workspace is clean and free of distractions.
- Never exceed recommended load data or use improper components.
- Be aware of the potential hazards associated with handling gunpowder and primers.
- Do not use the dies or any reloading equipment if you are under the influence of drugs or alcohol.
- Always keep the area wellventilated when working with powder and primers.

Instructions for Installation and Usage

1. Installation of the Neck Sizing Die:

- Securely mount the neck sizing die in your reloading press.
- Adjust the die to the correct height according to your specific reloading setup.
- Ensure that the decapping rod assembly is properly aligned and tightened.

2. Using the Neck Sizing Die:

- Insert a brass case into the shell holder.
- Raise the ram of the press to engage the die with the case.
- Apply a steady and even pressure until the sizing operation is complete.
- Lower the ram and remove the sized case.

3. Installation of the Seating Die:

- Install the seating die in the same manner as the neck sizing die.
- Adjust the seating depth according to the bullet specifications you are using.

4. Using the Seating Die:

- Place a charged case (primed and filled with powder) into the shell holder.
- Insert a bullet into the case mouth.
- Raise the ram to seat the bullet to the desired depth.

- Lower the ram and remove the completed round.

5. Crimping:

- If necessary, adjust the crimp ring on the seating die to achieve the desired crimp on the bullet.

Disposal Instructions

- Follow local regulations for the disposal of reloading components and materials.
- Do not dispose of gunpowder or primers in regular trash.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For questions or concerns regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's website or customer service channels for assistance.

Thank you for choosing Redding products. Your safety is our priority. Always reload responsibly and enjoy your shooting experience!
