# NECK SIZING DIE SETS NECK SIZING DIE SET 6.5 CREEDMOOR Safety Instruction Guide

## Introduction

Thank you for choosing the NECK SIZING DIE SET 6.5 CREEDMOOR by Redding. This product is designed for use in reloading ammunition for rifles. It is important to follow safety guidelines to ensure safe operation and handling. This guide provides essential safety instructions, precautions, and disposal information to help you use this product safely and effectively.

## General Safety Guidelines

- Always handle the NECK SIZING DIE SET with care.
- Keep the product out of reach of children and unauthorized users.
- Ensure that you are familiar with the operation of reloading equipment before use.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Store the product in a dry, safe place when not in use.
- Regularly inspect the dies for wear and damage before each use.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Ensure that the workspace is clean and free of clutter to avoid accidents.
- Do not use the dies if they show signs of damage or excessive wear.
- Always use the appropriate cartridge for the die set (6.5 Creedmoor).
- Follow the manufacturer's instructions carefully when setting up and using the dies.
- Avoid distractions while reloading to maintain focus and accuracy.
- Do not exceed recommended loads as specified in reliable reloading manuals.
- Be aware of the potential hazards associated with handling gunpowder and primers.

## Instructions for Installation and Usage

### 1. Installation of the Neck Sizing Die:

- Remove the die from its packaging and inspect it for any damage.
- Securely mount the neck sizing die in your reloading press according to the manufacturer's instructions.
- Adjust the die to the correct position for your specific cartridge (6.5 Creedmoor).

### 2. Using the Neck Sizing Die:

- Insert a clean, empty cartridge case into the reloading press.
- Operate the press to size the neck of the cartridge case using the die.
- Utilize the decapping rod assembly to remove spent primers from the cases.
- Use the neck expander button to ensure proper neck tension for bullet seating.

### 3. Using the Seating Die:

- Install the seating die in the reloading press, following the manufacturer's instructions.
- Place a bullet in the case mouth and adjust the seating depth as needed.
- Operate the press to seat the bullet securely in the cartridge case.
- Use the builtin crimp ring to apply crimp if required for your load.

## **Disposal Instructions**

- Dispose of any unused or excess reloading materials according to local regulations.
- Do not dispose of reloading materials in regular household waste.
- Follow your local hazardous waste disposal guidelines for any components that may be considered hazardous.

## **Contact Information for Further Support**

For any questions or concerns regarding the NECK SIZING DIE SET 6.5 CREEDMOOR, please refer to the manufacturer's website or contact their customer service for assistance.

## **Conclusion**

By adhering to these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with your NECK SIZING DIE SET 6.5 CREEDMOOR. Always prioritize safety and stay informed about best practices in ammunition reloading.
