

NECK SIZING DIES - REDDING NECK SIZING DIE 6MM-06 IMP

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Redding Neck Sizing Die 6mm06 Imp Safety Instruction Guide

Introduction

Thank you for choosing the Redding Neck Sizing Die 6mm06 Imp. This product is designed to enhance the performance of your bottleneck cases by sizing only the necks, which helps prolong brass life and improve accuracy. It is essential to follow the safety guidelines outlined in this document to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always inspect the die for any damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Store the die in a safe, dry place when not in use.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Safety:** Always wear appropriate safety gear, such as safety glasses, when handling and using reloading equipment.
- **Fire Safety:** Ensure that you are working in a well-ventilated area, away from any flammable materials.
- **Compatibility:** Use this die only with 6mm06 Imp cartridges. Using it with other calibers may result in unsafe conditions.
- **Neck Sizing:** Do not interchange fired cases between different rifles, as the neck sizing die does not size the shoulder or body of the case.
- **Heat Treatment:** Be cautious when handling the die immediately after use, as it may be hot.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the die, a reloading press, and your 6mm06 Imp cartridges.
- Ensure your workspace is clean and organized.

2. Installation:

- Securely attach the Redding Neck Sizing Die to your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned for accurate sizing.

3. Usage:

- Insert a fired 6mm06 Imp cartridge into the die.
- Operate the reloading press to size the neck of the cartridge.
- Inspect the sized cartridge for any defects before proceeding with loading.

4. After Use:

- Clean the die thoroughly to remove any residues.

- Store the die in its original packaging or a safe container to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable components according to local regulations for metal recycling.
- Ensure that all packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any questions or concerns regarding the Redding Neck Sizing Die 6mm06 Imp, please refer to the manufacturer's website or contact their customer service directly.

Thank you for your attention to these safety instructions. Proper use and care of your Redding Neck Sizing Die will ensure a safe and effective reloading experience.
