

NECK SIZING DIES - REDDING NECK SIZING DIE 7MM US

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Safety Instruction Guide for Redding Neck Sizing Die 7mm

Introduction

Thank you for choosing the Redding Neck Sizing Die 7mm. This product is designed to enhance the accuracy and longevity of your bottleneck cases. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the die and all related tools out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Store the die in a dry place to prevent corrosion or damage.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the neck sizing die only with compatible 7mm bottleneck cases.
- Do not interchange fired cases between different rifles, as this may lead to safety hazards.
- Ensure that the die is securely mounted in the reloading press before use.
- Follow the manufacturer's instructions for setting up and adjusting the die.
- Avoid using excessive force during the resizing process to prevent damage to the die or cases.

Instructions for Installation and Usage

1. Installation:

- Unpack the die and inspect it for any damage.
- Securely attach the neck sizing die to your reloading press according to the manufacturer's guidelines.
- Adjust the die to the correct height based on your specific reloading setup.

2. Usage:

- Begin by cleaning the cases to remove any debris or residue.
- Place the case in the shell holder of your reloading press.
- Slowly raise the ram to engage the die with the case neck.
- Apply steady pressure until the resizing process is complete.
- Lower the ram and remove the resized case from the shell holder.
- Inspect the resized case for proper neck tension and dimensions.

Disposal Instructions

- Dispose of any damaged or worn dies in accordance with local regulations.
- Recycle materials where possible, following your local recycling guidelines.

Contact Information for Further Support

For any inquiries regarding product safety or usage, please contact the manufacturer or your local retailer. Always refer to the official website or product packaging for the most accurate and up-to-date contact information.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Redding Neck Sizing Die 7mm. Always prioritize safety and adhere to guidelines to protect yourself and others. Thank you for your attention to these important safety measures.
