

NECK SIZING DIES - REDDING NECK SIZING DIE 8MM-06 ACKLEY IMP

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Safety Instruction Guide for Redding Neck Sizing Die 8mm06 Ackley Imp

Introduction

Thank you for choosing the Redding Neck Sizing Die 8mm06 Ackley Imp. This product is designed to enhance the accuracy of your bottleneck cases by sizing only the necks, prolonging the life of your brass. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always ensure that the die is compatible with your specific rifle and cartridge.
- Use the die only as intended and follow the instructions for proper handling.
- Keep the die and all reloading equipment out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check the EU's Safety Gate platform for any recall updates related to this product.

Specific Safety Precautions for Use

- Wear appropriate safety glasses to protect your eyes from debris during reloading.
- Use gloves to protect your hands from sharp edges and potential contaminants.
- Ensure that your workspace is clean and organized to prevent accidents.
- Avoid using the die if you are tired or under the influence of drugs or alcohol.
- Do not interchange fired cases between rifles, as this may lead to improper sizing and potential safety hazards.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Insert the Redding Neck Sizing Die into the press according to the manufacturer's instructions.
- Adjust the die to the desired sizing depth, following the specifications for your cartridge.

2. Usage

- Begin with clean, fired cases to ensure optimal performance.
- Place a case into the die and operate the press to size the neck.
- Repeat the process for all cases, ensuring that each is sized consistently.
- After sizing, inspect each case for proper dimensions and signs of damage.
- Store the die in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Recycle materials whenever possible, following your local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please reach out to the manufacturer or your retailer for assistance. Always refer to the product manual or website for additional information.
