# Safety Instruction Guide for SEATER DIE REDDING SEATER DIE, 30 HERRETT

## Introduction

Thank you for choosing the SEATER DIE REDDING SEATER DIE, 30 HERRETT. This guide provides important safety information and usage instructions to ensure safe and effective operation of the product. Please read and follow these guidelines carefully.

## General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the die out of reach of children and unauthorized users.
- Inspect the die before each use for any signs of damage or wear. Do not use if damaged.
- Store the die in a dry, secure location when not in use to prevent accidental damage or misuse.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the die only for its intended purpose, which is to seat bullets in the 30 Herrett cartridge.
- Ensure that the crimping ring is properly adjusted before use to avoid excessive crimping, which can lead to dangerous situations.
- When using the die, maintain a clean and organized workspace to minimize the risk of accidents.
- Do not exceed the recommended load specifications for the 30 Herrett cartridge.
- Avoid using the die under the influence of alcohol or drugs, as this can impair judgment and increase the risk of accidents.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the reloading press is securely mounted and stable.
- Insert the SEATER DIE into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

### 2. Usage

- Prepare your workspace by gathering all necessary materials: 30 Herrett cartridges, bullets, and appropriate reloading tools.
- Adjust the seating depth according to your desired specifications.
- Place a cartridge in the shell holder and raise the ram to engage the die.
- Insert a bullet into the case mouth and lower the ram to seat the bullet.
- Check the seating depth regularly to ensure consistency.
- If crimping is needed, adjust the crimping ring as per your requirements and repeat the seating process.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Contact your local waste management authorities for proper disposal methods for metal and reloading

equipment.

## **Contact Information for Further Support**
