

# SEATER DIES - REDDING SEATER DIE 6.5MM CREEDMOOR

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instruction Guide for SEATER DIES REDDING SEATER DIE 6.5MM CREEDMOOR

## Introduction

Thank you for choosing the SEATER DIES REDDING SEATER DIE 6.5MM CREEDMOOR. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this manual carefully before use.

## General Safety Guidelines

- Ensure that the die is used only for its intended purpose – bullet seating for 6.5mm Creedmoor cartridges.
- Always wear appropriate safety gear, such as safety glasses, when using reloading equipment.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Store the die in a dry, secure location when not in use.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 6.5mm Creedmoor cartridge.
- Ensure that the die is properly adjusted before use to avoid improper seating of the bullet.
- Avoid using the die if it has been damaged or altered in any way.
- Use the die only with compatible reloading equipment to prevent accidents.
- Always perform reloading activities in a wellventilated area to minimize exposure to fumes and dust.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading press is clean and free from debris.
- Insert the Redding Seating Die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during use.

### 2. Usage

- Prepare your cases and bullets for seating.
- Adjust the seating depth according to your specifications using the seating plug provided.
- Place a prepared case in the reloading press and lower the ram to engage the die.
- Gently raise the ram to seat the bullet into the case. Check for proper seating depth.
- Repeat the process for additional cases, ensuring that each bullet is seated correctly.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, follow your local guidelines for hazardous waste disposal if applicable.

## Contact Information for Further Support

For any questions or concerns regarding the safety and use of the SEATER DIES REDDING SEATER DIE 6.5MM

CREEDMOOR, please refer to the manufacturer's website or contact their customer service for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the SEATER DIES REDDING SEATER DIE 6.5MM CREEDMOOR. Always prioritize safety and compliance with local regulations during your reloading activities. Thank you for your attention to these important safety practices.
