# **SEATER DIE REDDING SEATER DIE, 8 X 56 MANNLICHER Safety Instruction Guide**

## **Introduction**

Thank you for choosing the SEATER DIE REDDING SEATER DIE, 8 X 56 MANNLICHER. This product is designed for precision reloading of ammunition. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding the safe handling, installation, and disposal of the product.

## **General Safety Guidelines**

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the product is used in a wellventilated area free from flammable materials.
- Keep the die and all related tools out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of damage or wear before use.
- Do not use the die for purposes other than intended; it is specifically designed for seating bullets in reloading applications.
- Familiarize yourself with the local laws and regulations regarding ammunition reloading and use.

## **Specific Safety Precautions for Use**

- Wear appropriate personal protective equipment (PPE) including safety glasses and gloves when using the die.
- Ensure that the press and die are securely mounted before starting the reloading process.
- Always doublecheck the caliber and specifications of the die before use to avoid incorrect seating.
- Avoid placing fingers or hands near the die during operation to prevent injury.
- If any problems arise during use, stop immediately and assess the situation before continuing.
- Do not modify the die or its components; any alterations can lead to unsafe conditions.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure that you have all components required for installation.
- Securely mount the die into your reloading press following the manufacturer's guidelines.
- Adjust the seating depth according to the specifications for the 8 X 56 Mannlicher cartridge.
- Check that the crimping ring is properly positioned if engaging crimping.

### **2. Usage:**

- Prepare your brass cases and ensure they are clean and free from defects.
- Insert a bullet into the case mouth and place it in the die.
- Operate the press slowly and steadily to seat the bullet to the desired depth.
- If crimping is required, ensure that the crimping ring is engaged and adjust as necessary.
- After seating, remove the completed cartridge and inspect it for proper seating and crimping.
- Store the die in a safe, dry place when not in use.

## **Disposal Instructions**

- Dispose of the die in accordance with local regulations regarding metal and tool disposal.
- If the die is damaged beyond repair, consider recycling the metal components.
- Do not dispose of the die in regular household waste.

## **Contact Information for Further Support**

- For any safety inquiries or to report unsafe products, please refer to your local EU contact point or the EU Safety Gate platform for updates and information on recalls.

By following these guidelines, you can ensure the safe and effective use of the SEATER DIE REDDING SEATER DIE, 8 X 56 MANNLICHER. Always prioritize safety and remain informed about best practices in ammunition reloading. Thank you for your attention to safety!
