# Safety Instruction Guide for SEATER DIES REDDING SEATER DIE 9.3MMX74R

## Introduction

Thank you for choosing the SEATER DIES REDDING SEATER DIE 9.3MMX74R. This product is designed for safe and effective use in reloading ammunition. Please read this safety instruction guide carefully to ensure safe handling, usage, and disposal of the product.

## General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's specifications.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading equipment.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die for signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading and handling.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the die.
- Ensure that the die is securely mounted and stable before use.
- Avoid placing hands or body parts near moving parts during operation.
- Use the die only for its intended purpose; do not modify or alter the die in any way.
- Be aware of your surroundings and ensure that the area is clear of distractions when using the die.
- If you experience any malfunction or unexpected behavior, discontinue use immediately and consult the manufacturer.

## Instructions for Installation and Usage

### Installation

#### 1. Secure Mounting:

- Ensure the reloading press is on a stable surface.
- Attach the die to the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

#### 2. Bullet Guide Setup:

- Insert the bullet guide into the die, ensuring it is properly seated.
- Adjust the bullet guide as necessary for the specific bullet being used.

#### 3. Crimp Ring Adjustment:

- Adjust the builtin crimp ring to the desired crimp level, following the manufacturer's guidance.

### Usage

#### 1. Preparation:

- Gather all necessary components, including brass cases, bullets, and powder.

- Ensure that all components are compatible with the die specifications.

## 2. **Seating Bullets:**

- Place a brass case in the reloading press.
- Insert a bullet into the case mouth, aligning it with the bullet guide.
- Operate the reloading press to push the bullet into the case until it reaches the desired seating depth.

## 3. **Crimping:**

- After seating the bullet, use the crimping function to secure the bullet in place as per the specifications.

## 4. **Inspection:**

- After reloading, inspect each cartridge for proper seating and crimping.
- Discard any cartridges that do not meet safety standards.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Recycle materials where possible, following local recycling guidelines.
- Do not dispose of reloading components in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the SEATER DIES REDDING SEATER DIE 9.3MMX74R, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety!
