

# TYPE S BUSHING FULL DIES - 6X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

# Safety Instructions for TYPE S BUSHING FULL DIES 6X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE

## Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES 6X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE by Redding. This guide provides essential safety instructions and usage guidelines to ensure safe operation and maintenance of the product. Please read this document carefully before using the die.

## General Safety Guidelines

- Always handle the die with care to avoid injury.
- Ensure that the workspace is clean and free of clutter to prevent accidents.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the die.
- Keep the die out of reach of children and pets.
- Regularly inspect the die for any signs of damage or wear before use.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Ensure that the die is compatible with the specific cartridge you are using (6 x 47 Lapua).
- Do not exceed the recommended load specifications when reloading ammunition.
- Always use the die in a wellventilated area to avoid inhalation of any dust or fumes.
- Use the adjustable decapping rod carefully to avoid damaging the bushing or the cartridge case.
- Ensure that the bushing is properly seated before starting the resizing process.
- Be cautious when adjusting the bushing position to avoid unintended sizing of the neck.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the die in your reloading press according to the manufacturer's instructions.
- Attach the standard size button and decapping pin retainer as needed.
- If necessary, remove the bushing and internal parts to use the die as a body die.

### 2. Usage:

- Begin by placing the cartridge case into the die.
- Adjust the bushing position using the decapping rod to achieve the desired neck length sizing.
- Operate the press smoothly and steadily to resize the case without exerting excessive force.
- After resizing, inspect the cartridge case for any signs of damage or improper sizing.
- Store the die in a dry and secure location after use.

## Disposal Instructions

- Dispose of any damaged or worn components of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of the TYPE S BUSHING FULL DIES 6X47MM LAPUA BUSHING FULL LENGTH TYPE S DIE, please refer to the manufacturer's contact information provided on the product packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your TYPE S BUSHING FULL DIES. Thank you for your attention to safety.
