

# BULLET LUBRICANT - SAECO GREEN BULLET LUBE - SOLID

[Reloading](#) > [Bullet Casting](#) > [Bullet Lubricant](#)

Long popular with folks who are serious about casting their own lead bullets, SAECO lubes help minimize lead accumulation in the rifling that can impair accuracy. Comes in 1" dia. x 4" long sticks that fit popular sizer/lubricators, including the SAECO Lubri-Sizer. Traditional rifle formula is the classic NRA recipe of natural beeswax (no synthetics) and Alox that helps prevent leading at higher velocities. Gold is an Aloxfree lube specifically formulated to combat leading in the shorter barrels of handguns. Can be used in rifles, too, and can even be used as a fluxing agent in your casting furnace. All-purpose Green formula works in rifles and handguns; slightly harder than the other SAECO lubes and Alox-free.

## Attributes

- Name: [SAECO GREEN BULLET LUBE - SOLID](#)
- Manufacturer: [REDDING](#)
- Product no.: 749011368
- Mfr. No.: 37003
- Size: 1.5 oz
- Delivery weight: 0.059kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 127mm
- UPC: 611760370038

# Safety Instruction Guide for BULLET LUBRICANT SAECO GREEN BULLET LUBE SOLID

## Introduction

Thank you for choosing SAECO Green Bullet Lube. This product is designed for those who cast their own lead bullets, helping to minimize lead accumulation in rifling and improve accuracy. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Store the product in a cool, dry place away from direct sunlight.
- Keep out of reach of children and vulnerable individuals.
- Regularly check for any product recalls or safety updates via the Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Avoid contact with skin; wear gloves when handling the product.
- Use in a wellventilated area to avoid inhaling fumes during application.
- Do not ingest the product; it is not foodsafe.
- Ensure that the product is used only for its intended purpose.
- If any adverse reactions occur, seek medical attention immediately.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your workspace is clean and organized.
- Gather all necessary tools and equipment before starting.

### 2. Using the Lube:

- Remove the lube stick from its packaging.
- Insert the stick into a compatible sizer/lubricator, such as the SAECO LubriSizer.
- Follow the manufacturer's instructions for your specific sizer/lubricator model.

### 3. Application:

- Apply the lube to the lead bullets as per your casting process.
- Ensure an even coat on all bullets to maximize effectiveness.

### 4. PostUsage:

- Clean any excess lubricant from tools and surfaces immediately after use.
- Store the product securely after use to prevent accidental exposure.

## Disposal Instructions

- Dispose of any unused or expired product in accordance with local regulations.
- Do not pour the lubricant down drains or into the environment.

- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the product, please consult the product packaging for the manufacturer's contact information or visit the manufacturer's website for further support.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities.
