

# SINCLAIR CASE NECK BRUSHES - CASE NECK CLEANING BRUSH, 17-20 CALIBER

[Reloading](#) > [Case Cleaning](#) > [Case Cleaning Products](#)

The Sinclair Case Neck Brushes are used to keep case necks free from dirt and powder residue build-up. Brushes are nylon bristle with a closed-loop bronze core to protect from scratching your case necks. The 8-32 male threads fit the Sinclair Accessory Handle (not included). We offer brush sizes to more appropriately clean today's popular calibers, including 17's and 20's. Brushes are available individually, or complete in the Sinclair Case Neck Cleaning Kit with one of each size brush and the Sinclair Accessory Handle.

# Safety Instruction Guide for Sinclair Case Neck Brushes

## Introduction

Thank you for choosing the Sinclair Case Neck Brushes. These brushes are designed to keep your case necks free from dirt and powder residue, ensuring optimal performance during reloading. This safety instruction guide provides essential information for the safe use and maintenance of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the brushes are used only for their intended purpose: cleaning case necks.
- Keep the brushes out of reach of children to prevent accidental injury.
- Regularly inspect the brushes for wear and damage before use. Discontinue use if any damage is found.
- Always handle the brushes with care to avoid injury from the bristles or the metal core.
- If you experience any allergic reactions to the materials, stop using the product immediately and consult a medical professional.

## Specific Safety Precautions for Use

- Use the brushes in a wellventilated area to avoid inhaling any dust or debris.
- Do not use excessive force when cleaning to avoid damaging the case necks or the brushes themselves.
- Avoid using the brushes on wet or damp surfaces to prevent slipping or improper cleaning.
- Ensure that the Sinclair Accessory Handle is securely attached to the brush before use to prevent accidents.
- Store brushes in a dry place to maintain their integrity and performance.

## Instructions for Installation and Usage

### 1. Installation of the Brush:

- Take the Sinclair Case Neck Brush and locate the 832 male threads.
- Align the threads with the Sinclair Accessory Handle (not included).
- Gently screw the brush onto the handle until it is securely attached.

### 2. Usage of the Brush:

- Hold the Sinclair Accessory Handle firmly with one hand.
- Insert the brush into the case neck, ensuring it fits snugly.
- Rotate the brush gently while pulling it out to clean the interior of the case neck.
- Repeat as necessary until the case neck is clean.

### 3. PostUse Care:

- After using the brush, clean it with a dry cloth to remove any residue.
- Store the brush in a protective case or designated storage area to prevent damage.

## Disposal Instructions

- Dispose of the brushes in accordance with local regulations for nonhazardous waste.
- Do not dispose of brushes in regular household waste if they are damaged or contain hazardous materials.

- Consider recycling options if available in your area to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding the safety or performance of the Sinclair Case Neck Brushes, please refer to the manufacturer's contact details provided with the product packaging.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the Sinclair Case Neck Brushes. Always prioritize safety and care when handling and maintaining your cleaning tools. Thank you for your attention to these guidelines.
