

# NECK TURNING CASEHOLDERS - NECK TURNING CASE HOLDER, #8, 505 GIBBS

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Accessories](#)

The Sinclair Driver and Caseholder system is designed to hold and turn your case while you are neck turning, cleaning case necks or case mouth deburring. The caseholders and driver are machined from stainless steel, and the driver has a 1/4" hex shaft for use in power screwdrivers or low speed drill motors. The driver is universal to the Sinclair system and will work with all the caseholders. Our Universal Caseholder enables you to use this system with our Sinclair Stainless Shell Holders listed on page 29. Select the appropriate shell holders for your favorite cartridges.. The Universal Caseholder works with the same #05-200 driver as our original caseholders, and it is available as a "kit" with the Driver and Universal Caseholder or individually for those who already have a driver. Remember to order the Sinclair Stainless Shell Holders for your Universal Caseholder if you don't already have them. This system is a great, inexpensive way to speed up the neck turning process. Also works great for many other case prep operations.\*\*NOTE: When ordering case holders, you will need to order a case holder driver as they are sold separately.\*\*

## Attributes

- Name: [NECK TURNING CASE HOLDER, #8, 505 GIBBS](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749011520
- Mfr. No.: 05270

# NECK TURNING CASEHOLDERS NECK TURNING CASE HOLDER, #8, 505 GIBBS Safety Instruction Guide

## Introduction

Thank you for choosing the NECK TURNING CASEHOLDERS NECK TURNING CASE HOLDER, #8, 505 GIBBS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the caseholder to avoid any potential hazards.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that the caseholder is compatible with your specific cartridge before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the caseholder for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the caseholder only with the recommended Sinclair Driver.
- Do not exceed the recommended speed limit when using power screwdrivers or drills.
- Always wear appropriate eye protection while operating the caseholder.
- Ensure that your workspace is clean and free from clutter to prevent accidents.
- Avoid using the caseholder if you are tired or under the influence of medications that may impair your ability to operate machinery.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure you have the Sinclair Driver and the appropriate caseholder for your cartridge.
- Attach the caseholder securely to the Sinclair Driver by aligning the hex shaft with the holder and tightening it as necessary.

### 2. Usage:

- Insert the case into the caseholder, ensuring it is held firmly in place.
- Start your power screwdriver or drill at a low speed to ensure proper handling.
- Gradually increase the speed as needed, but do not exceed the recommended limits.
- After neck turning or other operations, carefully remove the case from the holder.
- Clean the caseholder after each use to maintain optimal performance.

## Disposal Instructions

- Dispose of the product and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any inquiries or concerns regarding safety or usage, please refer to the manufacturer's contact information found on the packaging or the product manual.

By following these guidelines, you can ensure a safe and effective experience with your NECK TURNING CASEHOLDERS NECK TURNING CASE HOLDER, #8, 505 GIBBS. Thank you for your attention to safety, and enjoy your product!
