[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

Our NT-5000 Large Caliber Neck Turning Tool comes complete with our stainless steel universal handle, cutter, and allen wrenches. The neck turner cutter is made from hand-stoned high-speed tool steel and will cut thousands of cases before needing replacement. Each tool requires the use of our Sinclair mandrels. The NT-5000 Neck Turning Kits include the NT-5000 Neck Turner, our Generation II Expander Die (05-3300), a Neck Turning mandrel and an Expander Mandrel. Both included mandrels are turned from high grade stainless steel on precision turning centers. The Expander mandrel is sized .001 under bullet diameter and the Turning mandrels are .002 below bullet diameter. This allows for the perfect fit to avoid galling the inside of your cases during the turning process. For additional technical information regarding neck turning, please feel free to call our 800 number and speak to any of our reloading technicians.

Large Caliber Neck Turning Kit w/ Expander, 375 cal

# LARGE CALIBER NECK TURNING KIT Safety Instructions

## Introduction

Thank you for choosing the LARGE CALIBER NECK TURNING KIT (7/8"14 THREADS) from SINCLAIR INTERNATIONAL. This product is designed for precision neck turning of large caliber cartridges, specifically for the .375 caliber. To ensure your safety and the safe use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Ensure that the work area is clean, welllit, and free from hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before use.
- If you notice any defects, discontinue use immediately and contact support.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Ensure that the neck turning kit is securely mounted before operation.
- Avoid loose clothing or jewelry that could get caught in the equipment.
- Do not exceed the recommended operating speed.
- Always keep hands and other body parts away from moving parts.
- Do not modify the tool or use it for purposes other than intended.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your workspace is clean and organized.
- Securely attach the neck turning kit to a stable workbench or suitable surface.
- Verify that the expander is properly fitted and adjusted before use.

### 2. Usage

- Before starting, inspect the neck turning kit for any damage.
- Set the appropriate caliber (.375) and ensure the tool is correctly calibrated.
- Turn the tool on and allow it to reach the desired speed before beginning work.
- Carefully insert the cartridge neck into the expander and apply steady pressure.
- Monitor the process closely to avoid overturning or damaging the cartridge.
- After use, turn off the tool and clean it according to the maintenance instructions.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous waste.
- Do not dispose of the product in regular household waste.
- Consider recycling components where applicable.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with the LARGE CALIBER NECK TURNING KIT. Thank you for your attention to safety.
