[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

Our NT-6000 Large Caliber Neck Turning Tool comes complete with our stainless steel universal handle, cutter, and allen wrenches. The neck turner cutter is made from hand-stoned high-speed tool steel and will cut thousands of cases before needing replacement. Each tool requires the use of our Sinclair mandrels. The NT-6000 Neck Turning Kits include the NT-6000 Neck Turner, our Generation II Expander Die (05-3500), a Neck Turning mandrel and an Expander Mandrel. Both included mandrels are turned from high grade stainless steel on precision turning centers. The Expander mandrel is sized .001 under bullet diameter and the Turning mandrels are .002 below bullet diameter. This allows for the perfect fit to avoid galling the inside of your cases during the turning process. For additional technical information regarding neck turning, please feel free to call our 800 number and speak to any of our reloading technicians.

Large Caliber Neck Turning Kit w/ Expander, 35 cal

# LARGE CALIBER NECK TURNING KIT Safety Instructions

## Introduction

Thank you for choosing the LARGE CALIBER NECK TURNING KIT (11/2"12 THREADS) from SINCLAIR INTERNATIONAL. This guide provides essential safety instructions to ensure the safe use of this product. Please read this document carefully before using the kit.

## General Safety Guidelines

- Ensure that all users are familiar with the product and its intended use.
- Always inspect the kit for any damage before use. Do not use damaged components.
- Keep this product out of reach of children and vulnerable individuals.
- Follow all local regulations regarding the use of reloading tools and equipment.
- Be aware of your surroundings when using the kit to avoid accidents.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use protective eyewear when operating the neck turning kit to prevent injury from debris.
- Wear gloves to protect your hands from sharp edges and potential irritants.
- Ensure that the work area is wellventilated to avoid inhalation of dust or fumes.
- Do not use the kit for any purpose other than its intended use.
- Maintain a clean and organized workspace to reduce the risk of accidents.
- Do not attempt to modify or repair the kit without proper knowledge and tools.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials before starting.
- Ensure your work surface is stable and clean.

### 2. Installation of the Expander

- Secure the expander in the neck turning tool according to the manufacturer's specifications.
- Make sure all connections are tight and secure to prevent accidents during use.

### 3. Using the Neck Turning Kit

- Carefully insert the cartridge case into the neck turning tool.
- Adjust the tool settings according to the specifications provided in the product manual.
- Turn the tool to begin the neck turning process, ensuring consistent pressure is applied.
- Monitor the process closely to avoid overturning or damaging the cartridge case.

### 4. PostUse Care

- Once finished, remove the cartridge case and clean the tool components as per the cleaning instructions.
- Store the kit in a dry, secure location away from children and pets.

## **Disposal Instructions**

- Dispose of any broken or unusable components in accordance with local waste disposal regulations.
- Do not dispose of the kit in regular household waste; check for recycling options if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the LARGE CALIBER NECK TURNING KIT, please refer to the manufacturer's website or customer support resources provided with your purchase.

This safety instruction guide complies with the EU General Product Safety Regulation (GPSR) and is designed to ensure the safe use of the LARGE CALIBER NECK TURNING KIT. Please keep this document for future reference and ensure all users have access to it.
