

LARGE CALIBER NECK TURNING KIT (1-1/2"-12 THREADS) - SINCLAIR INTERNATIONAL LARGE CALIBER NECK TURNING KIT, 375 CALIBER, 1/2"-12

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

Our NT-6000 Large Caliber Neck Turning Tool comes complete with our stainless steel universal handle, cutter, and allen wrenches. The neck turner cutter is made from hand-stoned high-speed tool steel and will cut thousands of cases before needing replacement. Each tool requires the use of our Sinclair mandrels. The NT-6000 Neck Turning Kits include the NT-6000 Neck Turner, our Generation II Expander Die (05-3500), a Neck Turning mandrel and an Expander Mandrel. Both included mandrels are turned from high grade stainless steel on precision turning centers. The Expander mandrel is sized .001 under bullet diameter and the Turning mandrels are .002 below bullet diameter. This allows for the perfect fit to avoid galling the inside of your cases during the turning process. For additional technical information regarding neck turning, please feel free to call our 800 number and speak to any of our reloading technicians.

Large Caliber Neck Turning Kit w/ Expander, 375 cal

Large Caliber Neck Turning Kit Safety Instructions

Introduction

Thank you for choosing the Large Caliber Neck Turning Kit (11/2"12 Threads) from Sinclair International. This guide provides important safety instructions to ensure the safe and effective use of your neck turning kit. Please read this manual carefully before use.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the kit for any damage before use. Do not use if any parts are damaged.
- Keep the kit out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the kit.
- Be aware of your surroundings and ensure that the work area is clean and free of hazards.
- Do not use the kit for any purpose other than its intended use as specified by the manufacturer.

Specific Safety Precautions for Use

- Ensure that the neck turning kit is securely attached to the appropriate equipment before use.
- Do not exceed the recommended specifications for the kit, including caliber size.
- Avoid wearing loose clothing or jewelry that may become entangled in the equipment.
- Always maintain a firm grip on the tool during operation to prevent slips.
- Keep hands, hair, and clothing away from moving parts while the kit is in use.
- If you experience any discomfort or unusual sounds while using the kit, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure that your workspace is clean and organized.
- Attach the neck turning kit to a compatible reloading press according to the manufacturer's instructions.
- Verify that the kit is securely fastened and all components are properly aligned.

2. Usage:

- Adjust the expander to the desired size and ensure it is locked in place.
- Carefully insert the brass case into the neck turning tool.
- Activate the tool slowly and steadily, maintaining control throughout the process.
- After use, remove the brass case and inspect it for any signs of damage or wear.

Disposal Instructions

- Dispose of any damaged or worn components of the neck turning kit in accordance with local regulations.
- Do not dispose of the kit in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.

Contact Information for Further Support

For any safety inquiries or support regarding the Large Caliber Neck Turning Kit, please contact the manufacturer or consult the product's official website for further assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Large Caliber Neck Turning Kit. Always prioritize safety and reach out for assistance if needed. Thank you for choosing Sinclair International.
