

# SINCLAIR LUBE RACK - 0.588" CASE HEAD 22 CASE LUBE RACK

[Reloading](#) > [Case Preparation](#) > [Case Lube](#)

This rack is designed to allow complete and uniform lubrication of cases with a spray type case lube prior to resizing. Offset design allows application of spray from both sides of the rack producing full coverage. The rack is made of white polyethylene and can be cleaned easily with hot, soapy water. Capacities vary by rounds. Great when using spray-on case lubes.

# Safety Instruction Guide for SINCLAIR LUBE RACK 0.588" CASE HEAD 22 CASE LUBE RACK

## Introduction

Thank you for choosing the SINCLAIR LUBE RACK 0.588" CASE HEAD 22 CASE LUBE RACK. This product is designed to facilitate the complete and uniform lubrication of cases prior to resizing, ensuring optimal performance. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- If you notice any defects, discontinue use immediately and report the issue to the manufacturer.
- Follow all local regulations regarding the use and disposal of lubricants and cleaning agents.

## Specific Safety Precautions for Use

- Always use the rack in a wellventilated area to avoid inhalation of spray mist.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, when applying case lube.
- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical advice if necessary.
- Do not use the rack with flammable or hazardous materials.
- Ensure that the spray type case lube is compatible with the materials used in the rack.

## Instructions for Installation and Usage

### 1. Setup:

- Place the SINCLAIR LUBE RACK on a stable and flat surface.
- Ensure that the rack is clean and free from any debris before use.

### 2. Lubrication Process:

- Select the appropriate spray type case lube for your needs.
- Hold the spray can approximately 612 inches away from the rack.
- Apply the spray evenly from both sides of the rack to ensure full coverage of the cases.
- Allow the cases to dry for a few moments before proceeding with resizing.

### 3. Cleaning:

- After use, clean the rack with hot, soapy water to remove any residual lubricant.
- Rinse thoroughly and allow it to dry completely before storage.

## Disposal Instructions

- Dispose of any used lubricants and cleaning agents in accordance with local regulations.
- The SINCLAIR LUBE RACK can be recycled in accordance with local plastic recycling guidelines. Ensure it is clean before recycling.

## Contact Information for Further Support

For any safety inquiries or support regarding the SINCLAIR LUBE RACK, please reach out to the manufacturer directly.

## Conclusion

By following these safety instructions, you can ensure that your experience with the SINCLAIR LUBE RACK is safe and effective. Always prioritize safety and compliance with local regulations when using this product. Thank you for your attention and for choosing SINCLAIR INTERNATIONAL.
