

SINCLAIR STAINLESS STEEL PILOTS - PILOT STOP, STAINLESS STEEL, 50 CALIBER

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

Attributes

- Name: [PILOT STOP, STAINLESS STEEL, 50 CALIBER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749011621
- Mfr. No.: X6510
- Caliber: 50 Caliber (.510)
- Delivery weight: 0.023kg
- Shipping height: 1mm
- Shipping width: 89mm
- Shipping length: 89mm

Safety Instruction Guide for SINCLAIR Stainless Steel Pilots

Introduction

Thank you for choosing the SINCLAIR Stainless Steel Pilots for your flash hole tool and Neck Thickness/Variance Gauge. This guide provides important safety instructions, usage guidelines, and disposal information to ensure safe and effective use of the product. Please read this guide carefully before using the product.

General Safety Guidelines

- Always ensure the product is used in accordance with the manufacturer's instructions.
- Inspect the product for any damage or wear before each use. Do not use if damaged.
- Keep out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Only use the SINCLAIR Stainless Steel Pilots with compatible rifle and pistol cartridges ranging from .22 to .45 caliber.
- Do not use with .50 BMG cartridges, as the flash hole diameter is larger and could lead to unsafe conditions.
- Ensure that the pilots are securely attached to the tool before use.
- Use safety glasses and appropriate personal protective equipment (PPE) during operation to prevent injury from debris or accidents.
- Avoid using the product in wet or damp conditions to prevent slipping or malfunction.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate pilot size based on the caliber of the cartridge you are working with.
- Ensure the pilot is clean and free from any debris.
- Insert the pilot into the flash hole tool until it is securely in place.
- Doublecheck that the pilot is properly fitted and does not move.

2. Usage:

- Align the tool with the cartridge case neck and apply gentle pressure.
- Rotate the tool slowly and steadily to achieve the desired depth.
- Do not force the tool; if resistance is encountered, stop and check for any obstructions.
- After use, remove the pilot carefully and clean it according to the maintenance instructions.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling it if possible.

Contact Information for Further Support

For any inquiries or further assistance regarding the SINCLAIR Stainless Steel Pilots, please contact the manufacturer directly. Make sure to have the product details on hand for efficient support.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your SINCLAIR Stainless Steel Pilots. Thank you for your attention to safety and compliance.
