

# Sinclair Trimmer Stands - SINCLAIR INTERNATIONAL TRIMMER STAND WITH SHARKFIN CLAMP

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Trimmer Accessories](#)

For handloaders who already own a Wilson Case Trimmer, the Sinclair Trimmer stands are an invaluable accessory for the Wilson Case Trimmer. The Sinclair Stand positions the trimmer at a comfortable height on the workbench and can be simply c-clamped to the work- bench top or bolted for permanent installation. The standard model (#05-490) requires the case holder to be held in place by hand while the deluxe model (#05-495) features a clamping fixture that the user swings into place to hold down the case holder. Both of these can be purchased with the trimmer at the time of purchase in our kits or as part of the Ultimate Case Trimmer.

## Attributes

# Sinclair Trimmer Stand Safety Instructions

## Introduction

Thank you for choosing the Sinclair International Trimmer Stand with Shark Fin Clamp. This guide provides important safety instructions and information to ensure safe use and installation of your trimmer stand. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the Sinclair Trimmer Stand is used only for its intended purpose as a support for the Wilson Case Trimmer.
- Always check the trimmer stand for any signs of damage before use. Do not use if damaged.
- Keep the workspace clean and organized to prevent accidents.
- Store the trimmer stand in a dry place when not in use to prevent rust or deterioration.
- Always wear appropriate safety gear (e.g., safety glasses) when operating the trimmer.

## Specific Safety Precautions for Use

- Use the trimmer stand on a stable and level surface to prevent tipping.
- Ensure that the stand is securely clamped or bolted to the workbench before use.
- Do not exceed the weight limit recommended for the trimmer stand.
- Keep hands and other body parts clear of moving parts during operation.
- Do not leave the trimmer unattended while in use.
- Be cautious of any sharp edges or points on the trimmer and stand.

## Instructions for Installation and Usage

### Installation

1. **Choose a Location:** Select a stable, level surface for installation.
2. **Clamp or Bolt:**
  - For Clamping: Position the stand on the workbench and secure it using the Cclamp provided.
  - For Permanent Installation: Use appropriate bolts to secure the stand to the workbench.
3. **Check Stability:** Ensure the stand is firmly attached and does not wobble.

### Usage

1. **Position the Trimmer:** Place the Wilson Case Trimmer onto the stand.
2. **Secure the Case Holder:**
  - For standard model (#05490): Hold the case holder in place by hand.
  - For deluxe model (#05495): Swing the clamping fixture into place to hold down the case holder.
3. **Start Trimming:** Follow the manufacturer's instructions for operating the Wilson Case Trimmer.

## Disposal Instructions

- Dispose of the trimmer stand and any packaging materials in accordance with local regulations.
- Do not dispose of the product in general waste. Check for recycling options in your area.

## Contact Information for Further Support

For any safety inquiries or assistance regarding the Sinclair Trimmer Stand, please contact the manufacturer or refer to the product documentation.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Sinclair International Trimmer Stand. Always prioritize safety and consult the product manual for any specific operational guidelines. Thank you for your attention to safety.
