

# Whidden Bullet Pointing Sleeve - WHIDDEN GUNWORKS 338 CALIBER BULLET POINTING SLEEVE

[Home](#)

John Whidden has won two Long Range Championship's at Camp Perry using bullets pointed in this die system. The Whidden Pointing Die System is designed to profile the tips of jacketed bullets to reduce drag and improve BC. Testing has shown that shooters will see pointed bullets shoot  $\frac{3}{4}$  to 1 MOA flatter at 1000 yards, with wind drift improvement of about 5%. The Whidden system works like a regular reloading die in a standard press (including the Forster Co-Ax) and uses caliber specific sleeves to change bullet calibers. Pointing bullets can be done just as fast as sizing brass. Extensive testing has also shown that light meplat trimming after pointing produces the maximum possible BC consistency. Order the tool and a bullet pointing sleeve for the caliber you choose to point. Order additional sleeves to change calibers. Full instructions are included.

## Attributes

- Name: [WHIDDEN GUNWORKS 338 CALIBER BULLET POINTING SLEEVE](#)
- Manufacturer: [WHIDDEN GUNWORKS](#)
- Product no.: 749011845
- Mfr. No.: PDS-0-0-000338-001
- Caliber: 338 Caliber (.338)
- Delivery weight: 0.023kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm

# Whidden Bullet Pointing Sleeve Safety Instructions

## Introduction

Thank you for choosing the Whidden Bullet Pointing Sleeve. This product is designed to enhance the performance of your bullets by profiling their tips to reduce drag and improve ballistic coefficient (BC). To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions provided in this manual.

## General Safety Guidelines

- Ensure safe use of the Whidden Bullet Pointing Sleeve by following these guidelines:
  - Always read and understand the instructions before use.
  - Keep the product out of reach of children and vulnerable individuals.
  - Use the product only for its intended purpose as described in this manual.
  - Regularly inspect the product for wear or damage before use.
  - Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- When using the Whidden Bullet Pointing Sleeve, please observe the following precautions:
  - Wear appropriate eye protection to safeguard against debris.
  - Use the product in a wellventilated area to avoid inhalation of any particles.
  - Do not exceed the recommended caliber specifications for the sleeves.
  - Ensure that the reloading press is securely mounted and stable during use.
  - Avoid placing hands near moving parts during operation to prevent injury.
  - Keep the work area clean and free from distractions to maintain focus.

## Instructions for Installation and Usage

- Follow these steps for the proper installation and usage of the Whidden Bullet Pointing Sleeve:

### 1. Installation:

- Ensure the reloading press is turned off and unplugged.
- Select the appropriate caliber sleeve for your bullets.
- Insert the sleeve into the pointing die according to the manufacturer's instructions.
- Secure the die in the reloading press, ensuring it is tightly fastened.

### 2. Usage:

- Prepare your bullets by ensuring they are clean and free from defects.
- Set the die to the desired depth for pointing the bullet tips.
- Carefully place a bullet into the sleeve and ensure it is properly seated.
- Operate the reloading press smoothly and steadily to point the bullet.
- After pointing, inspect the bullets for consistency and quality.
- Store the pointing sleeve and any unused bullets in a safe and dry location.

## **Disposal Instructions**

- Dispose of any damaged or wornout pointing sleeves responsibly:
  - Check local regulations for proper disposal methods.
  - Do not dispose of the product in regular household waste if it is considered hazardous.
  - Consider recycling options if available in your area.

## **Contact Information for Further Support**

- For any inquiries or support regarding the Whidden Bullet Pointing Sleeve, please refer to the manufacturer's contact information provided with the product.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with the Whidden Bullet Pointing Sleeve. Thank you for your attention to safety and for choosing our product.
