

WILSON CASE GAGE - 300 REMINGTON SAUM CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper headspace, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder. SPECIAL ORDER CASE GAGES ARE AVAILABLE---MEASURE CASE LENGTH ONLY

Attributes

- Name: [300 REMINGTON SAUM CASE GAGE](#)
- Manufacturer: [L.E. WILSON](#)

WILSON CASE GAGE 300 REMINGTON SAUM CASE GAGE Safety Instructions

Introduction

Thank you for choosing the WILSON CASE GAGE 300 REMINGTON SAUM CASE GAGE. This tool is designed to assist in the precise measurement of cartridge cases for reloading purposes. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** This product is intended for use in nonfood applications. Ensure it is used only as directed to avoid any safety risks.
- **Enhanced Recalls:** In the event of a product recall, standardized notices will be provided. Please follow the instructions for returning the product or obtaining a remedy.
- **Online Shopping:** If purchased online, this product is subject to the same safety standards as those sold in physical stores.
- **Special Consumer Focus:** Extra precautions should be taken when this product is used by or around vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate EU contact point.
- **Rapid Alerts:** Stay informed about any safety updates or alerts regarding this product through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Use Properly:** Always use the case gage as intended. Do not modify or misuse the tool.
- **Inspect Before Use:** Check the gage for any signs of damage or wear before each use. Do not use if damaged.
- **Keep Out of Reach:** Store the gage in a safe place away from children and pets.
- **Avoid Oversizing:** Be mindful of the headspace measurements to prevent oversizing of your brass.
- **Use Appropriate Tools:** Always use a caliper in conjunction with the gage for accurate measurements.
- **Follow Manufacturer Guidelines:** Adhere to all instructions provided by the manufacturer regarding the use of resizing dies and other related equipment.

Instructions for Installation and Usage

1. Setting Up the Gage:

- Ensure the gage is clean and free from debris.
- Place the gage on a stable and flat surface for accurate measurements.

2. Measuring Overall Length:

- Insert the cartridge case into the gage.
- Check the overall length to determine if trimming is needed.
- Use a caliper to measure the datum to head length for headspace accuracy.

3. Adjusting for Belted Magnums:

- For belted magnums, ensure that the resizing is minimal at the shoulder to prolong the life of the case.
- Regularly check the headspace to ensure proper functioning.

4. After Use:

- Clean the gage after use to maintain its accuracy and longevity.
- Store the gage in a protective case when not in use.

Disposal Instructions

- Dispose of the WILSON CASE GAGE according to local regulations.
- If the gage is no longer functional, consider recycling its components where possible.
- Do not dispose of in general waste if it contains hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the WILSON CASE GAGE 300 REMINGTON SAUM CASE GAGE, please refer to the manufacturer's contact information provided with your product packaging. Always ensure that you are using the most current guidelines and safety information.

By following these guidelines, you can ensure a safe and effective experience with your WILSON CASE GAGE 300 REMINGTON SAUM CASE GAGE. Thank you for your attention to safety!
