

# **WILSON NECK REAMER - L.E. WILSON 50 CALIBER (0.507") INSIDE NECK REAMER**

[Reloading](#) > [Case Preparation](#) > [Case Neck Reamers](#)

Thick necks can cause high chamber pressures and erratic shooting. Wilson neck reamers remove excess neck material to insure adequate clearance exists between the case neck and the chamber. Also, these reamers can be used when forming wildcats from a parent case. Reamers are used in the Wilson trimmer in place of the trimmer cutter. Standard reamers are sized for use on fired, unsized cases and measure .0025" - .003" larger than bullet diameter. Custom size reamers can be ground (allow 6-8 week delivery).

## **Attributes**

- Name: [L.E. WILSON 50 CALIBER \(0.507"\) INSIDE NECK REAMER](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749011892

# **WILSON NECK REAMER L.E. WILSON 50 CALIBER (0.507") INSIDE NECK REAMER Safety Instruction Guide**

## **Introduction**

Thank you for choosing the WILSON NECK REAMER L.E. WILSON 50 CALIBER (0.507") INSIDE NECK REAMER. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read the entire guide carefully before using the neck reamer.

## **General Safety Guidelines**

- Ensure that the neck reamer is used only for its intended purpose, which is to remove excess neck material from fired, unsized cases.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the neck reamer.
- Keep the work area clean and organized to prevent accidents and injuries.
- Be aware of your surroundings and ensure that no one is in the immediate vicinity while using the reamer.
- Regularly inspect the neck reamer for any signs of damage or wear before each use. Do not use if damaged.
- Follow all local regulations and guidelines related to the handling and disposal of firearms and ammunition components.

## **Specific Safety Precautions for Use**

- Use the neck reamer only with the Wilson trimmer as specified in the product instructions.
- Ensure that the reamer is securely attached to the trimmer before use to prevent it from coming loose during operation.
- Avoid applying excessive force while using the neck reamer, as this may lead to damage or injury.
- Do not use the neck reamer on live ammunition or unfired cases.
- Keep hands and other body parts away from the cutting area while the reamer is in operation.
- Store the neck reamer in a secure location out of reach of children and unauthorized users.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure that the Wilson trimmer is unplugged or not powered on before installation.
- Remove any existing cutter from the trimmer.
- Carefully insert the neck reamer into the trimmer's cutter holder.
- Secure the neck reamer in place according to the manufacturer's instructions.

### **2. Usage:**

- Prepare the fired, unsized cases for reaming.
- Position the case neck into the neck reamer as per the trimmer's operating instructions.
- Power on the trimmer and allow the neck reamer to operate.
- Monitor the reaming process closely, ensuring that the case is properly aligned and that no excessive force is applied.
- Once the desired neck clearance is achieved, power off the trimmer and carefully remove the case.
- Clean the neck reamer after use to maintain its performance and longevity.

## Disposal Instructions

- Dispose of any excess neck material and debris in accordance with local waste disposal regulations.
- Do not dispose of the neck reamer in regular household waste. If the product is damaged or no longer usable, follow local guidelines for hazardous waste disposal.

## Contact Information for Further Support

For any safety inquiries, product support, or to report unsafe products, please refer to the appropriate EU contact points or your local authorities.

Thank you for prioritizing safety while using the WILSON NECK REAMER L.E. WILSON 50 CALIBER (0.507") INSIDE NECK REAMER. Your adherence to these guidelines helps ensure a safe and effective experience.
