

WILSON NECK REAMER - L.E. WILSON 20 CALIBER (0.201") INSIDE NECK REAMER

[Reloading](#) > [Case Preparation](#) > [Case Neck Reamers](#)

Thick necks can cause high chamber pressures and erratic shooting. Wilson neck reamers remove excess neck material to insure adequate clearance exists between the case neck and the chamber. Also, these reamers can be used when forming wildcats from a parent case. Reamers are used in the Wilson trimmer in place of the trimmer cutter. Standard reamers are sized for use on fired, unsized cases and measure .0025" - .003" larger than bullet diameter. Custom size reamers can be ground (allow 6-8 week delivery).

WILSON NECK REAMER L.E. WILSON 20 CALIBER (0.201") INSIDE NECK REAMER Safety Instructions

Introduction

Thank you for choosing the WILSON NECK REAMER L.E. WILSON 20 CALIBER (0.201") INSIDE NECK REAMER. This product is designed to enhance your shooting experience by ensuring proper neck clearance between the case neck and chamber. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle the neck reamer with care to avoid injury.
- Ensure the reamer is used in a wellventilated area.
- Keep the reamer out of reach of children and unauthorized users.
- Use the reamer only for its intended purpose as described in this guide.
- Regularly check the reamer for any signs of damage or wear before use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Before using the neck reamer, ensure that you are wearing appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Use the neck reamer only with fired, unsized cases.
- Do not exceed the recommended sizing limits of .0025" .003" larger than bullet diameter.
- Avoid applying excessive force when using the reamer to prevent breakage or injury.
- Ensure that the trimmer is properly set up and secured before replacing the cutter with the neck reamer.
- Be aware of your surroundings and ensure that no one is in close proximity while operating the reamer.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment, including the Wilson trimmer and the neck reamer.
- Ensure that your working area is clean and organized.

2. Installation:

- Remove the trimmer cutter from the Wilson trimmer.
- Carefully insert the neck reamer into the trimmer in place of the cutter, ensuring it is securely fitted.

3. Usage:

- Insert the fired, unsized case into the trimmer.
- Follow the manufacturer's instructions for operating the trimmer while using the neck reamer.
- Apply gentle pressure to the reamer as it cuts, ensuring a smooth and even finish.

4. PostUse Care:

- After use, carefully remove the neck reamer from the trimmer.
- Clean the reamer to remove any debris or residue.
- Store the reamer in a safe and dry location away from children.

Disposal Instructions

- Dispose of any damaged or worn reamers in accordance with local regulations.
- Do not throw the reamer in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any safety inquiries or further support, please contact the manufacturer or your local distributor.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with the WILSON NECK REAMER L.E. WILSON 20 CALIBER (0.201") INSIDE NECK REAMER.
