

# RIFLE CASE HOLDERS - L.E. WILSON 284 SHEHANE NEW CASE HOLDER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Trimmer Case Holders](#)

The L.E. Wilson Rifle Case Holder holds the case for trimming, primer pocket reaming, neck reaming and deburring. The L.E. Wilson Trimmer Case Holder provides the ultimate accuracy and uniformity for trimming your cases. The unique design of the case holder supports the case body, much like a chamber of a firearm. The Case Holders are precisely manufactured for consistent results and repeatability. The FIRED Case Holders are for Neck Sized Cases. NEW Case Holders work with new, unfired brass or cases that have been full length sized. If a type isn't specified the holder will fit both Fired, New, Neck or Full Length sized cases.

# Safety Instruction Guide for L.E. Wilson 284 Shehane New Case Holder

## Introduction

Thank you for choosing the L.E. Wilson 284 Shehane New Case Holder. This product is designed to assist you in trimming, reaming, and deburring your rifle cases with precision. To ensure safe usage and maximize the performance of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the case holder is used only for its intended purpose, which is to hold cases securely during trimming and reaming processes.
- Always wear appropriate safety gear, such as safety glasses, when using this product to protect your eyes from debris.
- Keep the workspace clean and organized to prevent accidents.
- Ensure that the product is kept out of reach of children and vulnerable individuals.
- Regularly inspect the case holder for any signs of wear or damage before each use. Do not use if damaged.
- Follow all local laws and regulations regarding the handling of firearm components.

## Specific Safety Precautions for Use

- Use the case holder only with compatible cases:
  - NEW Case Holders are for new, unfired brass or cases that have been fulllength sized.
  - FIRED Case Holders are intended for necksized cases.
- Do not exceed the manufacturer's recommended specifications for trimming or reaming to avoid accidents.
- Always ensure that the case is securely held in place before operating any trimming or reaming tools.
- Avoid wearing loose clothing or jewelry that could get caught in machinery while using this product.
- Do not leave the case holder unattended while in use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the case holder is clean and free from debris.
- Insert the case into the holder, ensuring it fits snugly.
- Secure the holder in your trimming or reaming tool according to the manufacturer's instructions.

### 2. Usage:

- Adjust the trimming or reaming tool according to the specifications for the case you are working with.
- Begin the trimming or reaming process slowly to ensure the case is held securely.
- Monitor the process closely to ensure that the case remains secure in the holder.
- Once the trimming or reaming is complete, carefully remove the case from the holder.
- Clean the case holder after use to maintain its performance.

## Disposal Instructions

- Dispose of the case holder responsibly in accordance with local waste disposal regulations.
- If the case holder is damaged beyond repair, it should be disposed of in a manner that prevents any

potential hazards to the environment.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the L.E. Wilson 284 Shehane New Case Holder, please refer to the product packaging or visit the manufacturer's website for additional resources and support.

By following these safety instructions, you can ensure a safe and effective experience while using the L.E. Wilson 284 Shehane New Case Holder. Thank you for prioritizing safety in your reloading practices.
