

SINCLAIR INSERT STYLE BULLET COMPARATOR - COMPARATOR & BUMP GAUGE BODY KIT, XL

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparators](#)

This Sinclair Comparator is an excellent tool to use to sort bullets by base to give length. This is a valuable step if you are considering trimming the bullet meplat. NOTE: When sorting a lot of bullets, a digital caliper is sometimes a better choice for some handloaders than a dial caliper. An alternative tool to use for sorting bullets is our Sinclair Bullet Sorting Stand (#59-2000) which uses its own unique comparators. Our Sinclair Bullet Comparator attaches to the blade of your caliper and uses inserts for each specific caliber. The inserts are stainless steel and machined with a taper and a short straight section to more accurately duplicate the chamber throat. This eliminates the wobble experienced with many comparators which have standard drilled holes. Our design allows you to quickly and accurately measure the bullet's bearing surface of the bullet. Comparator inserts are available in 17 thru 45 caliber, and they can be used in both the Sinclair and older Stoney Point comparator bodies. These inserts are not intended to measure rounds seated to magazine length or shorter. For this application please see our Sinclair Bullet Comparators (#09-600 and #09-700).

Attributes

- Name: [COMPARATOR & BUMP GAUGE BODY KIT, XL](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749011959
- Mfr. No.:

Safety Instruction Guide for SINCLAIR INSERT STYLE BULLET COMPARATOR & BUMP GAUGE BODY KIT, XL

Introduction

Thank you for choosing the Sinclair Insert Style Bullet Comparator & Bump Gauge Body Kit, XL. This product is designed to assist you in sorting bullets by base length, which is an important step in handloading and bullet preparation. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the instructions provided.
- Always inspect the product for damage or wear before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product in a welllit and clean workspace to avoid accidents.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Regularly check for updates on product recalls via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use caution when handling sharp tools such as calipers and comparators.
- Always secure the bullet comparator properly to avoid slips during measurements.
- Do not attempt to measure rounds that are seated to magazine length or shorter with this comparator.
- Ensure that the comparator inserts are appropriate for the caliber you are measuring.
- Avoid using the product in wet or damp conditions to prevent slips and electrical hazards.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including your Sinclair Bullet Comparator, caliper, and bullet inserts.
- Make sure your workspace is clean and organized.

2. Attaching the Comparator:

- Attach the Sinclair Bullet Comparator to the blade of your caliper according to the manufacturer's instructions.
- Ensure that the attachment is secure and stable before proceeding.

3. Using the Inserts:

- Select the appropriate stainless steel insert for the caliber you are measuring.
- Insert the comparator insert into the comparator body securely.
- Make sure the taper and straight section of the insert are correctly aligned for accurate measurement.

4. Measuring Bullets:

- Place the bullet in the comparator and gently close the caliper to measure the bullet's bearing

surface.

- Avoid applying excessive force, as this may damage the bullet or the comparator.
- Record your measurements accurately for future reference.

5. PostUse:

- After use, remove the comparator and inserts from the caliper.
- Clean the comparator and inserts with a dry cloth to remove any debris or residue.
- Store the product in a safe, dry place away from children.

Disposal Instructions

- Dispose of any damaged or worn parts responsibly according to local regulations.
- Do not dispose of the product in household waste. Check with your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the Sinclair Insert Style Bullet Comparator & Bump Gauge Body Kit, please refer to the product packaging for contact information or consult the manufacturer's website.

Thank you for prioritizing safety while using the Sinclair Insert Style Bullet Comparator & Bump Gauge Body Kit, XL. Your adherence to these guidelines will help ensure a safe and effective experience.
