

# 10 LB. CAST IRON LEAD POT - LYMAN 10 LB CAST IRON LEAD POT

[Reloading](#) > [Bullet Casting](#) > [Casting Furnaces & Accessories](#)

Heavy, tip-resistant cast iron pot has 10 lb. capacity and lets you use any heat source for melting lead. Features a convenient, anti-drip pour spout, a flat bottom that helps the pot stay where you put it, and a heavy duty handle. Warning: Melting lead and casting lead objects will expose you and others in the area to lead, which is known to cause birth defects, other reproductive harm and cancer. See Instructions on Reducing Exposure supplied with product.

## Attributes

- Name: [LYMAN 10 LB CAST IRON LEAD POT](#)
- Manufacturer: [LYMAN](#)
- Product no.: 749012452
- Mfr. No.: 2867795
- Delivery weight: 1.338kg
- Shipping height: 97mm
- Shipping width: 124mm
- Shipping length: 127mm
- UPC: 011516277954

# Safety Instruction Guide for the 10 LB. CAST IRON LEAD POT

## Introduction

Thank you for choosing the 10 LB. Cast Iron Lead Pot by Lyman. This guide provides essential safety instructions to ensure the safe use of your lead pot. Please read and follow these guidelines carefully to minimize risks associated with melting lead.

## General Safety Guidelines

- Ensure that the lead pot is used in a wellventilated area to avoid inhaling harmful fumes.
- Always wear appropriate personal protective equipment (PPE), including safety goggles, gloves, and a dust mask.
- Keep the work area clean and free from clutter to prevent accidents.
- Store the lead pot in a safe location, out of reach of children and pets.
- Regularly inspect the pot for signs of damage or wear before each use.

## Specific Safety Precautions for Use

- **Lead Exposure:** Melting lead exposes you to lead, which is known to cause birth defects, reproductive harm, and cancer. Follow all safety precautions to minimize exposure.
- **Heat Source:** Use only approved heat sources. Ensure that the pot is stable and secure on the heat source to prevent tipping.
- **Pouring Lead:** Use the antidrip pour spout carefully to avoid spills. Always pour lead away from your body and others.
- **Cooling:** Allow the pot to cool completely before handling or cleaning. Do not attempt to cool it rapidly with water.
- **Handling:** Always use the heavyduty handle when moving the pot. Avoid direct contact with hot surfaces.

## Instructions for Installation and Usage

### 1. Setup:

- Place the lead pot on a stable, heatresistant surface.
- Ensure the heat source is compatible with the pot and is functioning correctly.

### 2. Melting Lead:

- Fill the pot with the appropriate amount of lead, ensuring not to exceed the 10 lb. capacity.
- Turn on the heat source and monitor the melting process closely.
- When the lead is fully melted, use the antidrip pour spout to pour the lead into molds.

### 3. PostUsage:

- After use, turn off the heat source and allow the pot to cool completely.
- Clean the pot according to the manufacturer's instructions.
- Store the pot in a safe location.

## **Disposal Instructions**

- Dispose of any lead waste according to local regulations. Do not throw lead waste in the regular trash.
- Contact local waste management authorities for guidance on safe disposal methods for lead materials.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the contact information provided with your product packaging. It is important to have access to help when needed.

By following these guidelines, you can ensure a safer experience while using the 10 LB. Cast Iron Lead Pot. Your safety is our priority. Thank you for your attention to these important safety instructions.
