

# BULLET CASTING LUBE - SUPER MOLY BULLET LUBE - LYMAN SUPER MOLY BULLET LUBE

[Reloading](#) > [Bullet Casting](#) > [Bullet Lubricant](#)

Molybdenum disulfide additive coats and lubes not only the bullet, but also treats the barrel to help deliver higher velocities. Drastically cuts down on leading and flows through lube sizers without heat. Warning: Melting lead and casting lead objects will expose you and others in the area to lead, which is known to cause birth defects, other reproductive harm and cancer. See Instructions on Reducing Exposure supplied with product.

## Attributes

- Name: [LYMAN SUPER MOLY BULLET LUBE](#)
- Manufacturer: [LYMAN](#)
- Product no.: 749012461
- Mfr. No.: 2857272

# BULLET CASTING LUBE SUPER MOLY BULLET LUBE USER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing BULLET CASTING LUBE SUPER MOLY BULLET LUBE by LYMAN. This product is designed to enhance your bullet casting experience by providing superior lubrication and reducing leading in barrels. However, it is essential to follow safety guidelines to ensure safe usage and minimize any potential risks associated with lead exposure.

## General Safety Guidelines

- Always read and understand the product label and safety instructions before use.
- Store the product in a cool, dry place away from direct sunlight and out of the reach of children.
- Use personal protective equipment (PPE) such as gloves and safety goggles when handling the product.
- Avoid inhaling fumes or dust generated during the use of the product.
- Wash hands thoroughly after handling the product and before eating, drinking, or smoking.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Lead Exposure:** Melting lead and casting lead objects can expose you and others to lead, which is known to cause birth defects, reproductive harm, and cancer.
- **Ventilation:** Ensure adequate ventilation in the area where you are using the product to minimize inhalation risks.
- **Children and Vulnerable Groups:** Keep the product out of reach of children and avoid use in areas where children or vulnerable individuals may be present.
- **Emergency Procedures:** In case of accidental exposure or ingestion, seek medical attention immediately.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the BULLET CASTING LUBE, bullet molds, and casting equipment.
- Ensure your workspace is clean and free of any hazards.

### 2. Application:

- Apply a thin, even coat of BULLET CASTING LUBE to the bullets before casting.
- Ensure that the lube coats not only the bullet but also treats the barrel for optimal performance.

### 3. Casting Process:

- Follow the manufacturer's instructions for melting and casting lead.
- Maintain proper temperatures to avoid overheating the lube.

### 4. PostCasting:

- Allow the bullets to cool completely before handling.
- Clean any excess lube from the molds and workspace.

#### 5. **Storage:**

- After use, securely close the container and store it in a designated area away from children and pets.

## **Disposal Instructions**

- Dispose of any unused product and empty containers in accordance with local regulations for hazardous waste.
- Do not dispose of lead or leadcontaining products in regular trash. Follow local guidelines for lead disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of BULLET CASTING LUBE SUPER MOLY BULLET LUBE, please refer to the contact information provided on the product packaging or consult your retailer for assistance.

By following these safety instructions, you can ensure a safer experience while using BULLET CASTING LUBE SUPER MOLY BULLET LUBE. Thank you for prioritizing safety in your bullet casting endeavors.
