

# ALOX BULLET LUBE - LYMAN ALOX BULLET LUBE

[Reloading](#) > [Bullet Casting](#) > [Bullet Lubricant](#)

Original Lyman Alox Lube is easy to apply and coats the entire bullet with a very thin film of lubricant that dries to a soft, varnish-like finish. Won't contaminate powder. Great all-around lubricant for loads up to around 2,000 fps. Warning: Melting lead and casting lead objects will expose you and others in the area to lead, which is known to cause birth defects, other reproductive harm and cancer. See Instructions on Reducing Exposure supplied with product.

# ALOX BULLET LUBE Safety Instruction Guide

## Introduction

Thank you for choosing the ALOX BULLET LUBE by Lyman. This product is designed to provide an effective lubricant for bullet casting and loading. While using this product, it is essential to follow safety instructions to ensure your safety and the safety of others. This guide provides comprehensive safety guidelines in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product label and safety instructions before use.
- Ensure the product is used in a wellventilated area to minimize inhalation of any fumes.
- Keep the product out of reach of children and vulnerable individuals.
- Avoid contact with skin and eyes. Use appropriate personal protective equipment (PPE) such as gloves and safety goggles.
- In case of accidental exposure, seek medical attention if irritation persists.
- Report any unsafe products and incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Lead Exposure:** Melting lead and casting lead objects can expose you and others to lead. Lead is known to cause birth defects, reproductive harm, and cancer.
- **Ventilation:** Always use this product in a wellventilated area to avoid inhaling fumes.
- **Protective Gear:** Wear gloves and goggles to protect your skin and eyes from contact with the lubricant.
- **Avoid Contamination:** Ensure that the lubricant does not come into contact with powder or other materials used in ammunition loading.
- **Storage:** Store the product in a cool, dry place away from direct sunlight and heat sources.

## Instructions for Installation and Usage

1. **Preparation:** Before applying the ALOX BULLET LUBE, ensure that the bullets are clean and free from any debris.
2. **Application:**
  - Shake the container well before use.
  - Use a clean applicator or your fingers to apply a thin film of the lubricant evenly across the surface of the bullets.
  - Ensure that the lubricant coats the entire bullet for optimal performance.
3. **Drying:** Allow the lubricant to dry completely before handling or loading the bullets.
4. **Cleaning:** Clean any excess lubricant from your hands and tools after application to prevent contamination.

## Disposal Instructions

- Dispose of any unused product and empty containers in accordance with local regulations.
- Do not pour lubricant down the drain or into the environment.
- Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For safety inquiries or additional information regarding the ALOX BULLET LUBE, please refer to the manufacturer's contact information provided on the product packaging.

By following these guidelines, you can ensure a safe and effective experience with the ALOX BULLET LUBE. Always prioritize safety and take necessary precautions when handling this product.
