

RIFLE 'M' DIES - LYMAN 308 WIN - 7.62X54R RIFLE M DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Expands and flares the case mouth to help ensure consistent bullet seating during reloading. Two-step operation gives brass a longer service life because it doesn't stretch the case like a standard expander button. When used to reload cast bullets it prevents "shaving" bullet material during seating. Hardened steel, heat treated to Rc 50 and hand polished before and after to an 8 RMS finish. Shellholder not included.

Safety Instruction Guide for RIFLE 'M' DIES LYMAN 308 WIN 7.62X54R RIFLE M DIE

Introduction

Thank you for choosing the RIFLE 'M' DIES LYMAN 308 WIN 7.62X54R RIFLE M DIE. This product is designed to assist you in reloading ammunition safely and effectively. It is important to follow the safety guidelines and instructions provided in this manual to ensure safe usage and optimal performance.

General Safety Guidelines

- Always read and understand the manufacturer's instructions before using the product.
- Use the product only for its intended purpose, which is to expand and flare the case mouth for reloading.
- Keep the product out of reach of children and unauthorized users.
- Ensure that you are in a wellventilated area when reloading ammunition.
- Wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Regularly inspect the product for any signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended pressure limits when reloading ammunition.
- Ensure that the die is securely installed in the reloading press before use.
- Avoid using excessive force when expanding or flaring the case mouth to prevent damage to the die or cases.
- When using with cast bullets, ensure proper alignment to prevent "shaving" of bullet material.
- Always keep hands and other body parts clear of moving parts during operation.
- Store the die in a safe place when not in use to prevent accidental injury.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and free of debris.
- Insert the RIFLE 'M' DIE into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

2. Usage:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Insert the brass case into the shell holder and position it under the die.
- Operate the reloading press to expand and flare the case mouth. Use a smooth, steady motion to avoid damaging the case.
- After expanding, remove the case and inspect it for proper flare.

3. PostUsage:

- Clean the die after each use to maintain its performance and longevity.
- Store the die in a protective case or container to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw the die in regular household waste. Instead, check with your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the RIFLE 'M' DIES LYMAN 308 WIN 7.62X54R RIFLE M DIE, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure you have the product details on hand when seeking support.

By following these safety instructions, you can ensure a safe and effective reloading experience with your RIFLE 'M' DIES LYMAN 308 WIN 7.62X54R RIFLE M DIE. Thank you for prioritizing safety in your reloading practices.
