

# BULLET SIZING DIES - LYMAN 0.458" BULLET SIZING DIE

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Sizing dies feature 90° hole spacing to make bullet lubrication an easy task, even with hard lubricant formulas. Tapered mouth and hardened internal surface ensure proper alignment to deliver a perfect cylindrical shape to your cast bullets. Warning: Melting lead and casting lead objects will expose you and others in the area to lead, which is known to cause birth defects, other reproductive harm and cancer. See Instructions on Reducing Exposure supplied with product.

## Attributes

- Name: [LYMAN 0.458" BULLET SIZING DIE](#)
- Manufacturer: [LYMAN](#)
- Product no.: 749012504
- Mfr. No.: 2766535
- Diameter (in): 0.458
- Delivery weight: 0.068kg
- Shipping height: 8mm
- Shipping width: 69mm
- Shipping length: 130mm
- UPC: 011516265357

# Safety Instruction Guide for BULLET SIZING DIES LYMAN 0.458" BULLET SIZING DIE

## Introduction

Thank you for choosing the BULLET SIZING DIES LYMAN 0.458" BULLET SIZING DIE. This product is designed to help you easily lubricate your cast bullets. However, it is important to use this product safely to avoid potential hazards. This guide provides essential safety instructions and guidelines to ensure a safe and effective experience.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the work area is wellventilated, especially when melting lead.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE), such as gloves and safety glasses.
- Be aware of the risks associated with lead exposure, including potential health hazards.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Lead Exposure Warning:** Melting lead and casting lead objects can expose you and others to lead, which is known to cause birth defects, reproductive harm, and cancer.
- **Lubricant Safety:** Use only approved lubricants that are suitable for bullet sizing. Avoid using any harmful or untested substances.
- **Proper Handling:** Always handle the sizing die with care. Ensure it is securely attached to the press before use.
- **Temperature Caution:** Be cautious of hot surfaces when using the sizing die, especially if you are melting lead.
- **Cleaning:** Clean the die after each use to prevent buildup of lubricant and lead residues.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the work area is clean and free of any obstructions.
- Attach the sizing die to your reloading press according to the manufacturer's instructions.
- Confirm that the die is securely fastened and properly aligned.

### 2. Usage:

- Preheat the sizing die if required by your lubricant manufacturer.
- Place the bullet into the die's opening, ensuring it is aligned correctly.
- Apply pressure using the reloading press to size the bullet.
- Remove the sized bullet carefully.
- Lubricate the bullets as needed, following the lubricant's instructions.

### 3. PostUsage:

- Allow the die to cool down before handling.
- Clean the die with a suitable cleaning agent to remove any lubricant or lead residue.
- Store the die in a dry, safe place away from children.

## **Disposal Instructions**

- Dispose of any lead scraps or residues according to local regulations concerning hazardous waste.
- Do not throw lead materials in regular trash. Contact local waste management authorities for guidance on safe disposal.
- Recycle any metal components if possible, following local recycling guidelines.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the BULLET SIZING DIES LYMAN 0.458" BULLET SIZING DIE, please refer to the product packaging for contact details of the manufacturer.

By following these safety instructions and guidelines, you can ensure a safer and more effective experience when using the BULLET SIZING DIES LYMAN 0.458" BULLET SIZING DIE. Thank you for your attention to safety.
