

BULLET SIZING DIES - LYMAN 0.358" BULLET SIZING DIE

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Sizing dies feature 90° hole spacing to make bullet lubrication an easy task, even with hard lubricant formulas. Tapered mouth and hardened internal surface ensure proper alignment to deliver a perfect cylindrical shape to your cast bullets. Warning: Melting lead and casting lead objects will expose you and others in the area to lead, which is known to cause birth defects, other reproductive harm and cancer. See Instructions on Reducing Exposure supplied with product.

Attributes

- Name: [LYMAN 0.358" BULLET SIZING DIE](#)
- Manufacturer: [LYMAN](#)
- Product no.: 749012505
- Mfr. No.: 2766493
- Diameter (in): 0.358
- Delivery weight: 0.091kg
- Shipping height: 30mm
- Shipping width: 66mm
- Shipping length: 132mm
- UPC: 011516264930

BULLET SIZING DIES LYMAN 0.358" BULLET SIZING DIE Safety Instructions

Introduction

Thank you for choosing the BULLET SIZING DIES LYMAN 0.358" BULLET SIZING DIE. This product is designed for effective bullet lubrication and sizing. However, it is essential to follow safety guidelines to ensure safe usage and minimize risks. This guide provides comprehensive safety instructions in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always read and understand the manufacturer's instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates or recalls related to this product through the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Lead Exposure:** Melting lead and casting lead objects can expose you and others to lead, which is known to cause birth defects, reproductive harm, and cancer.
- **Ventilation:** Always work in a wellventilated area to minimize inhalation of fumes.
- **Protective Gear:** Wear appropriate personal protective equipment (PPE), including gloves and safety goggles, to protect against lead exposure and other hazards.
- **Storage:** Store the product in a secure location, away from children and pets, to prevent accidental exposure.

Instructions for Installation and Usage

1. Preparation:

- Ensure your work area is clean and free from any distractions.
- Gather all necessary tools and materials before starting.

2. Installation:

- Securely mount the sizing die in a compatible press according to the manufacturer's instructions.
- Ensure that the die is aligned properly for optimal performance.

3. Usage:

- Insert the bullets into the sizing die, ensuring they are positioned correctly.
- Apply the lubricant as per the recommended guidelines to facilitate smooth operation.
- Operate the press slowly and steadily to ensure consistent sizing of the bullets.
- Monitor the process closely to avoid any malfunctions or hazards.

4. PostUsage Care:

- After use, clean the sizing die thoroughly to prevent buildup of lubricant or lead residue.
- Store the die in a dry and safe location to maintain its condition.

Disposal Instructions

- Dispose of any lead waste, lubricant, or contaminated materials in accordance with local regulations.
- Do not dispose of lead in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the BULLET SIZING DIES LYMAN 0.358" BULLET SIZING DIE, please refer to the manufacturer's contact information provided with the product.

By following these safety instructions, you can help ensure a safe and effective experience with your BULLET SIZING DIES LYMAN 0.358" BULLET SIZING DIE. Thank you for prioritizing safety.
