

# **BUSHING BUMP NECK SIZING DIES - FORSTER PRODUCTS, INC. 300 WINCHESTER MAGNUM BUSHING BUMP NECK DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

These had-polished bushing style dies are a little different than traditional neck style bushing dies or full-length style bushing dies. Forster's Precision Bushing Bump Dies size the case neck and adjust the headspace length without sizing the body of the case. Includes a decapping assembly without an expander ball so your bushing selection determines the internal neck diameter. This die is only compatible with Forster bushings - does not work with Redding or Wilson bushings. When selecting a bushing size, choose a bushing approximately .002 inch smaller than a loaded round measures at the case neck. Bushings are available in increments of .001 inch. Bushings must be purchased separately.

## **Attributes**

- Name: [FORSTER PRODUCTS, INC. 300 WINCHESTER MAGNUM BUSHING BUMP NECK DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749012579

# Safety Instruction Guide for Bushing Bump Neck Sizing Dies

## Introduction

Thank you for choosing the Bushing Bump Neck Sizing Dies from Forster Products, Inc. This guide provides important safety information and instructions to ensure the proper and safe use of this product. Please read this manual carefully before using the dies.

## General Safety Guidelines

- Product Safety: Ensure safe use of the Bushing Bump Neck Sizing Dies by following all guidelines and instructions provided in this manual.
- Enhanced Recalls: Be aware of standardized recall notices. If you receive a recall notice, please follow the instructions provided for a remedy.
- Online Shopping: If purchased online, ensure that the platform complies with safety requirements.
- Special Consumer Focus: Extra care should be taken if the product is used around vulnerable groups, such as children.
- EU Contact Point: For any safety inquiries, please refer to the designated EU contact point associated with this product.
- Rapid Alerts: Stay informed about product safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always use the Bushing Bump Neck Sizing Dies in a wellventilated area.
- Wear appropriate personal protective equipment (PPE), including safety glasses, to protect your eyes from potential debris.
- Ensure that the dies are properly secured in your reloading press before use.
- Do not exceed the recommended bushing size; select a bushing approximately .002 inch smaller than the loaded round measures at the case neck.
- Keep dies and bushings out of reach of children and unauthorized users.
- Inspect the dies and bushings for any damage before each use. Do not use damaged components.
- Follow all manufacturer instructions for use and maintenance to avoid accidents.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Ensure your reloading press is clean and free from debris.
- Insert the Bushing Bump Neck Sizing Die into the press and secure it according to the press manufacturer's instructions.
- Attach the decapping assembly without an expander ball as per the die's specifications.

### 2. Selecting the Bushing:

- Choose a bushing that is approximately .002 inch smaller than the case neck measurement of a loaded round.
- Note that bushings must be purchased separately and are available in increments of .001 inch.

### 3. Using the Die:

- Place the case in the shell holder of the reloading press.
- Pull the handle to size the neck of the case without affecting the body.

- After sizing, inspect the case to ensure proper fit and sizing.

#### **4. PostUsage:**

- Clean the dies after each use to remove any residue and maintain optimal performance.
- Store the dies in a dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the dies or components are no longer usable, check with local waste management for appropriate disposal methods.
- Do not dispose of the dies in regular household waste if they are damaged; instead, follow hazardous waste disposal guidelines if applicable.

## **Contact Information for Further Support**

For any questions regarding the Bushing Bump Neck Sizing Dies, please refer to the designated contact point for assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
