

WHIDDEN POINTING DIE INSERTS - WHIDDEN GUNWORKS #2 BULLET POINTING DIE INSERT

[Home](#)

Pointing Die Inserts enhance the benefits gained with the BPDS by improving the bullet's BC further by smoothing the transition between the ogive and the newly formed tip. Developed in cooperation with noted ballistician Bryan Litz, and used in conjunction with the correct pointing sleeve for your bullet. #2 is designed for bullets with shorter, blunter ogives.

WHIDDEN POINTING DIE INSERTS Safety Instructions

Introduction

Thank you for choosing WHIDDEN POINTING DIE INSERTS. This product is designed to enhance your bullet's ballistic coefficient (BC) by improving the transition between the ogive and the bullet tip. Developed in collaboration with ballisticians like Bryan Litz, these inserts are essential for achieving optimal performance in your reloading process. This safety instruction guide provides important information to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is suitable for your specific bullet type and caliber.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or defects before use.
- Use the product only for its intended purpose.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the inserts.
- Avoid using the inserts with incompatible bullets or equipment, as this may lead to malfunctions or accidents.
- Ensure that the pointing sleeve used is compatible with the inserts and your bullets.
- Handle the inserts with care to prevent injury from sharp edges.
- Do not modify the inserts in any way, as this may compromise their safety and effectiveness.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials for installation.
- Ensure your workspace is clean and free of clutter.

2. Installation of Pointing Die Inserts

- Carefully remove the inserts from their packaging.
- Align the insert with the pointing sleeve according to the manufacturer's specifications.
- Secure the insert in place, ensuring it is tightly fitted to prevent movement during use.

3. Usage of Pointing Die Inserts

- Load the bullet into the pointing sleeve, ensuring it is properly seated.
- Adjust the die according to the specifications for your specific bullet type and caliber.
- Operate the reloading press according to the manufacturer's instructions, monitoring the process closely for any irregularities.

4. PostUsage Care

- After use, clean the inserts and the pointing sleeve to remove any debris or residue.
- Store the inserts in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or unusable inserts in accordance with local regulations.
- Do not throw inserts in regular trash if they are considered hazardous waste.
- Always check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the WHIDDEN POINTING DIE INSERTS, please refer to the product packaging or visit the manufacturer's website for further assistance.

Thank you for prioritizing safety while using WHIDDEN POINTING DIE INSERTS. Your careful attention to these guidelines will help ensure a safe and effective reloading experience.
