

# VLD BULLET SEATING MICROMETERS - REDDING #19 VLD BULLET SEATING MICROMETER

[Reloading](#) > [Measuring Tools](#) > [Micrometers](#)

Redding Competition Seating Dies deliver the precision and accuracy preferred by the most discriminating handloaders. Now you can easily convert your conventional seating die to a precision micrometer seating die for use with VLD bullets for precise, repeatable bullet seating depths to within 1/1000th of an inch and potential world-record accuracy. Designed for all seating dies that use a seat plug with 1/2-20 threads. Easily changes from one die to another, just match the number on your current seating plug to the corresponding bullet seating micrometer number. View Redding Micrometer Reference Chart [here](#).

# VLD Bullet Seating Micrometers Safety Instruction Guide

## Introduction

Thank you for choosing the VLD Bullet Seating Micrometers by Redding. This guide provides important safety information, usage instructions, and disposal guidance to ensure safe and effective use of this product. Please read this document carefully before using the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the VLD Bullet Seating Micrometers by following all instructions and guidelines provided in this manual.
- **Enhanced Recalls:** Be aware that in the event of a product recall, standardized notices will be provided, and remedies will be offered free of charge for any dangerous products.
- **Online Shopping:** If purchased online, remember that you have the same safety protections as when buying in physical stores.
- **Special Consumer Focus:** Extra care should be taken if the product is used by vulnerable groups, such as children. Ensure that this product is kept out of reach of children.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point for assistance.
- **Rapid Alerts:** Stay informed about unsafe products through the EU's Safety Gate platform, which provides timely updates.

## Specific Safety Precautions for Use

- **Read the Instructions:** Always read the instruction manual before using the micrometers to understand proper usage and safety precautions.
- **Inspect the Product:** Before each use, inspect the micrometers for any signs of damage or wear. Do not use if any parts are damaged.
- **Use Appropriate Tools:** Ensure that you are using the micrometers with compatible seating dies that meet the specifications outlined in the product description.
- **Avoid Excessive Force:** Do not apply excessive force when adjusting the micrometers, as this may lead to inaccurate measurements or damage.
- **Wear Protective Gear:** Use safety glasses and gloves when handling the micrometers to protect against potential injuries.
- **Store Safely:** After use, store the micrometers in a safe, dry place, away from direct sunlight and moisture.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the seating die is securely mounted in your reloading press.
- Remove the existing seating plug from the die by turning it counterclockwise.
- Match the number on the current seating plug with the corresponding bullet seating micrometer number.
- Install the VLD Bullet Seating Micrometer by threading it into the die, turning it clockwise until secure.

### 2. Usage:

- Adjust the micrometer to the desired bullet seating depth by turning the micrometer knob.
- Use a caliper to verify the seating depth before proceeding with reloading.

- After adjustments, perform a test seating with a dummy round to ensure the desired depth is achieved.
- Regularly check the seating depth during reloading to maintain consistency.

## **Disposal Instructions**

- Dispose of the VLD Bullet Seating Micrometers in accordance with local regulations for electronic waste and manufacturing materials.
- Do not dispose of the product in regular household waste.
- If the product is no longer usable, consider recycling options available in your area.

## **Contact Information for Further Support**

For any further inquiries or assistance regarding the VLD Bullet Seating Micrometers, please refer to the designated EU contact point for support.

Thank you for your attention to these safety instructions. Your understanding and adherence to these guidelines will help ensure a safe and effective reloading experience.
