Safety Instruction Guide for Bushing Bump Decapping Units

Introduction

Thank you for choosing the Bushing Bump Decapping Unit from Forster Products, Inc. This product is designed to provide a reliable decapping solution for 243 WSSM cartridges. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that the Bushing Bump Decapping Unit is used in accordance with the manufacturer's instructions.
- Inspect the unit for any visible damage or wear before use.
- Keep the unit out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling the decapping unit.
- Report any unsafe products and accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Potential Hazards:

- Sharp components: The decapping pin and other metal parts can cause cuts or puncture wounds.
- Improper assembly: Incorrect installation can lead to malfunction or injury.

• Avoiding Hazards:

- Always handle the decapping unit with care.
- Ensure that the unit is properly assembled before use.
- Do not force any components together; they should fit smoothly without excessive pressure.
- Always point the decapping unit away from yourself and others when in use.
- Use the unit only for its intended purpose, which is to decap 243 WSSM cartridges.

Instructions for Installation and Usage

1. Installation:

- Gather all components of the Bushing Bump Decapping Unit: decap rod, spindle bushing, lock nut, and decapping pin.
- Ensure that the work area is clean and free from obstructions.
- Attach the spindle bushing to the decap rod securely.
- Insert the decapping pin into the spindle bushing, ensuring it is properly seated.
- Secure the assembly using the lock nut, ensuring it is tightened adequately to prevent movement during use.

2. Usage:

- Position the cartridge securely in the appropriate die.
- Align the decapping unit over the cartridge, ensuring that the decapping pin is directly above the primer.

- Apply a steady downward force to the decapping unit to remove the primer from the cartridge case.
- Inspect the cartridge after decapping to ensure that no debris remains.
- Clean the decapping unit after each use to maintain optimal performance.

Disposal Instructions

- Dispose of the Bushing Bump Decapping Unit in accordance with local regulations.
- Do not dispose of the unit in regular household waste if it contains hazardous materials.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or additional support regarding the Bushing Bump Decapping Unit, please refer to the manufacturer's contact details provided with your product packaging. It is important to reach out for assistance if you have any questions or concerns about the safe use of this product.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with the Bushing Bump Decapping Unit.
