

FULL LENGTH SIZING AND BENCH REST SEATER DIE SETS - FORSTER PRODUCTS, INC. 300 AAC BLACKOUT FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. A full length two die set is the die set beginning reloaders should start with, and the die set most hunters and many target shooters use every time they reload their cases. These Forster full length die sets include a full length sizing die and the Forster Bench Rest seater die. Forster full length sizers feature hand polishing and the E-Z case neck expander system - a Forster exclusive. NATIONAL MATCH DIES reduce headspace by .003" and are intended for bolt action target rifles only.

Safety Instruction Guide for Forster Full Length Sizing and Bench Rest Seater Die Sets

Introduction

Thank you for choosing the Forster Full Length Sizing and Bench Rest Seater Die Sets. These highquality reloading dies are designed to help you produce concentric rounds consistently. It is essential to follow the safety guidelines and instructions in this manual to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure you are familiar with the reloading process and safety measures.
- Keep the dies out of reach of children and unauthorized users.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Inspect the dies for any damage or wear before each use.
- Store the dies in a dry, cool place to prevent rust and deterioration.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only the recommended cartridge (300 AAC Blackout) to avoid malfunctions.
- Ensure that the reloading press is securely mounted and stable before use.
- Avoid overtightening the dies in the press to prevent damage.
- Do not use the dies if you notice any irregularities or defects.
- Follow the manufacturer's instructions for adjusting the dies to avoid improper sizing or seating.
- Keep your workspace clean and organized to prevent accidents.
- Be aware of the potential hazards associated with handling ammunition components.

Instructions for Installation and Usage

1. Installation:

- Secure the reloading press to a stable work surface.
- Insert the full length sizing die into the press and tighten it according to the manufacturer's instructions.
- Place the Bench Rest seater die in the press and adjust it as needed for your specific cartridge.

2. Usage:

- Begin with the full length sizing die:
 - Insert an empty case into the shell holder of the press.
 - Pull the handle to size the case, ensuring it is fully inserted.
 - Remove the sized case from the press.
- Next, use the Bench Rest seater die:
 - Insert a bullet into the mouth of the case.
 - Place the case in the shell holder and pull the handle to seat the bullet to the desired depth.
 - Remove the completed round from the press.

Disposal Instructions

- Dispose of any damaged or worn dies in accordance with local regulations.
- Do not throw the dies in regular trash; check for metal recycling options in your area.
- Ensure that all reloading components, such as spent primers and powder, are disposed of safely and according to local laws.

Contact Information for Further Support

For any questions or concerns regarding the Forster Full Length Sizing and Bench Rest Seater Die Sets, please refer to the manufacturer's website or contact the customer support team for assistance.

By following these safety guidelines and instructions, you can ensure a safe and successful reloading experience with your Forster dies. Always prioritize safety and proper handling to enjoy the full benefits of your reloading equipment.
