ONE SHOT® METAL POLISH Safety Instruction Guide

Introduction

Thank you for choosing ONE SHOT® METAL POLISH, a nonhazardous, waterbased, and biodegradable product designed for cleaning, polishing, and protecting various metals (excluding aluminum). This safety instruction guide provides essential information to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, as specified in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Always read the label and follow the instructions carefully before use.
- If you experience any adverse reactions or discomfort while using the product, discontinue use immediately and seek medical advice.
- Regularly check for product recalls or safety alerts on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use this product in a wellventilated area to avoid inhalation of vapors.
- Avoid contact with skin and eyes. If contact occurs, rinse thoroughly with water and seek medical attention if irritation persists.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused product according to local regulations to prevent environmental harm.

Instructions for Installation and Usage

1. Preparation:

- Ensure the metal surface to be polished is clean and free from dust or debris.
- Shake the bottle well before use.

2. Application:

- Apply a small amount of ONE SHOT® METAL POLISH onto a clean, soft cloth.
- Gently rub the cloth onto the metal surface in a circular motion.
- For heavily tarnished areas, allow the polish to sit for a few minutes before buffing.

3. Finishing:

- After polishing, use a clean section of the cloth to buff the surface to a shine.
- Ensure all polish residue is removed from the surface.

4. PostUse Care:

- Clean tools and cloths used with the polish with soap and water immediately after use.
- Close the bottle tightly after each use to maintain product integrity.

Disposal Instructions

- Dispose of the product container and any unused polish in accordance with local waste disposal regulations.
- Do not pour the product down the drain or dispose of it in a manner that could harm the environment.

Contact Information for Further Support

For any safety inquiries or concerns regarding the use of ONE SHOT® METAL POLISH, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience while using ONE SHOT® METAL POLISH. Thank you for your attention to these important guidelines.
