

HAND HELD OUTSIDE NECK TURNER PILOTS - FORSTER PRODUCTS, INC. 0.171" HAND HELD NECK TURNER PILOT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

Forster's easy-to-use hand-held neck turning tool helps you take the next step toward cartridge-to-cartridge consistency. It features a carbide cutter with a micrometer-style adjustment knob for precise material removal to give cases consistent wall thickness that improves bullet-to-bore alignment. The aluminum holder retains the case firmly with a simple turn of the knob; holds up to .592" base diameter. Large case holder available for cases from .593" to .812" base diameter. Requires a pilot that's specific to the case mouth diameter; sold separately, see table below. Pilots are precision-ground .002" to .0025" smaller than the bullet diameter.

Attributes

- Name: [FORSTER PRODUCTS, INC. 0.171" HAND HELD NECK TURNER PILOT](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

Safety Instruction Guide for HAND HELD OUTSIDE NECK TURNER PILOTS

Introduction

Thank you for choosing the HAND HELD OUTSIDE NECK TURNER PILOTS manufactured by Forster Products, Inc. This tool is designed to help you achieve cartridge to cartridge consistency in your reloading process. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of damage or wear.
- Store the tool in a dry and secure location when not in use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not operate the tool while under the influence of drugs or alcohol.
- Wear appropriate safety gear, including safety glasses, to protect your eyes from debris.
- Ensure that the work area is clean and free of clutter to prevent accidents.
- Use the tool only with compatible pilots specific to the case mouth diameter.
- Avoid forcing the tool; if it does not operate smoothly, stop and inspect it.
- Do not modify the tool in any way, as this may compromise safety and performance.

Instructions for Installation and Usage

1. Preparing the Tool

- Ensure the tool is clean and free of debris.
- Select the appropriate pilot that matches the case mouth diameter.

2. Setting Up the Tool

- Insert the case into the aluminum holder.
- Secure the case by turning the knob until it is firmly held in place.

3. Adjusting the Cutter

- Use the micrometer style adjustment knob to set the desired material removal.
- Make small adjustments to ensure precise wall thickness.

4. Using the Tool

- Carefully turn the handle to start the neck turning process.
- Monitor the cutting action and adjust as necessary to maintain consistent thickness.
- After use, release the knob to remove the case.

5. PostUse Care

- Clean the tool after each use to maintain its performance.

- Store the tool and pilots in their designated locations.

Disposal Instructions

- Follow local regulations for the disposal of tools and materials.
- Do not dispose of the tool in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please refer to the manufacturer's website or contact the authorized distributor in your region for assistance.

By adhering to these guidelines, you can ensure a safe and effective experience with your HAND HELD OUTSIDE NECK TURNER PILOTS. Thank you for choosing Forster Products, Inc.
