

HAND HELD OUTSIDE NECK TURNER PILOTS - FORSTER PRODUCTS, INC. #474 NECK TURNER PILOT FOR 0.474" BULLETS

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

Forster's easy-to-use hand-held neck turning tool helps you take the next step toward cartridge-to-cartridge consistency. It features a carbide cutter with a micrometer- style adjustment knob for precise material removal to give cases consistent wall thickness that improves bullet-to-bore alignment. The aluminum holder retains the case firmly with a simple turn of the knob; holds up to .592" base diameter. Large case holder available for cases from .593" to .812" base diameter. Requires a pilot that's specific to the case mouth diameter; sold separately, see table below. Pilots are precision-ground .002" to .0025" smaller than the bullet diameter.

Attributes

- Name: [FORSTER PRODUCTS, INC. #474 NECK TURNER PILOT FOR 0.474" BULLETS](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

HAND HELD OUTSIDE NECK TURNER PILOT

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Hand Held Outside Neck Turner Pilot from Forster Products, Inc. This tool is designed to enhance cartridge consistency for reloading enthusiasts. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read the instruction manual carefully before use.
- Ensure that the tool is used in a welllit and clean workspace.
- Keep the tool out of reach of children and pets.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the tool.
- Regularly inspect the tool for any signs of damage or wear before use.
- Do not use the tool if any components are damaged or missing.
- Follow local regulations for the safe handling and disposal of materials.

Specific Safety Precautions for Use

- Use the tool only for its intended purpose: turning the necks of cartridge cases.
- Ensure that the pilot used is appropriate for the case mouth diameter.
- Avoid applying excessive force when turning the necks to prevent damage to the tool or cases.
- Be cautious of sharp edges on the carbide cutter; handle with care.
- Do not attempt to modify or alter the tool in any way.
- If you experience any discomfort or pain while using the tool, stop immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the Hand Held Outside Neck Turner Pilot, appropriate pilot, and cartridge cases.
- Ensure you have a clean, stable workspace.

2. Installing the Pilot:

- Select the pilot that corresponds to the case mouth diameter.
- Insert the pilot into the neck turner tool until it is securely in place.
- Ensure the pilot is properly aligned.

3. Using the Neck Turner:

- Place the cartridge case into the aluminum holder.
- Turn the knob to secure the case firmly in place.
- Adjust the micrometerstyle knob to set the desired depth of material removal.
- Gently rotate the tool to begin turning the neck of the cartridge case.
- Monitor the thickness of the neck to ensure consistency.

4. PostUse Care:

- After use, clean the tool and store it in a safe place.
- Check the tool for any damage or wear that may have occurred during use.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Check for recycling programs in your area.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please refer to the manufacturer's website or contact their customer service.

By following these safety instructions, you can ensure a safe and effective experience with your Hand Held Outside Neck Turner Pilot. Thank you for your attention to safety and for choosing Forster Products, Inc.
