

BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. BENCH REST SEATER DIE, 5.6X50MM RIMMED

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Attributes

- Name: [FORSTER PRODUCTS, INC. BENCH REST SEATER DIE, 5.6X50MM RIMMED](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749012932

Forster Bench Rest® Seater Dies Safety Instruction Guide

Introduction

Thank you for choosing the Forster Bench Rest® Seater Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of this product. Please read and understand this document before using the dies to avoid any potential hazards.

General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Ensure that your workspace is clean, organized, and free of distractions.
- Keep all reloading materials, including primers, powders, and bullets, out of reach of children and pets.
- Be aware of the potential hazards associated with reloading, including the risk of injury from sharp tools and the risk of fire from gunpowder.
- Follow all local laws and regulations regarding the use and storage of reloading materials.

Specific Safety Precautions for Use

- Ensure that the die is compatible with the cartridge you are using (5.6 x 50 mm Rimmed).
- Inspect the die for any signs of damage or wear before use. Do not use a damaged die.
- Always doublecheck that the die is securely mounted in your reloading press before starting the reloading process.
- Avoid overtightening the die into the press, as this may cause damage to the die or press.
- Use the die only for its intended purpose: seating bullets in reloaded ammunition.
- Do not attempt to modify or alter the die in any way.
- Store the dies in a safe, dry place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring your reloading press is securely mounted and stable.
- Carefully remove the die from its packaging.
- Insert the die into the press and tighten it securely, ensuring it is aligned properly.
- Attach the Forster Cross Bolt Die Locking Ring to maintain stability during use.

2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Insert the case into the die, ensuring it fits snugly.
- Place the bullet on top of the case in the die.
- Slowly and steadily pull the handle of the press to seat the bullet.
- Check the alignment of the bullet and case to ensure they are seated properly.
- Repeat the process for additional rounds, maintaining focus and safety throughout.

Disposal Instructions

- Dispose of any unused or outdated reloading materials in accordance with local regulations.
- Do not throw away reloading dies in regular household trash. Consult local waste management services for proper disposal methods.

- Ensure that all components are disposed of in a manner that prevents harm to the environment or public safety.

Contact Information for Further Support

For any safety inquiries or further support regarding the Forster Bench Rest® Seater Dies, please contact your local retailer or manufacturer. They will provide the necessary assistance and information.

Important Note: This safety instruction guide is in compliance with the EU General Product Safety Regulation (GPSR). Please ensure to report any unsafe products or accidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform. Your safety is our priority.
